SULZER WILL FIGHT CASE OUT TO END

Statements from Counsel Seem to Indicate That He Intends to Continue Battle

EAGER TO CHANGE IMPRESSION

Attorneys Emphatically Deny That Impeached Legislative Recognized Right of Mr. Glynn to Act as Governor by Letter

OBTAIN WRIT FOR JAMES C. GARRISON

BULLETIN.

ALBANY, N. Y., Sept. 20.—Governor Sulzer tonight broke his long silence, which he has maintained since his impeachment trial began and declared he had no intention of resigning and would fight the battle to the end.

"Resign," he ejaculated. "I have no more idea of doing that than I have of committing Hara-Kiri."

And then the governor thumped his interviewer on the chest and gave other evidences of the fact that he is in a fighting mood.

Also the governor is not in such ill-health as has been rumored The fact that he has not seen any one within the last two days led to the report that he was in a weakened condition. He is sleeping late mornings, but he also is working late at night.

ALBANY, N. Y., Sept. 20.—With rumors current that Governor William Sulzer would resign in event that his attorneys lose their fight to prevent him from being forced to defend himself before the high court of impeachment, statements forthcoming from his counsel today seemed to indicate that he has every intention of fighting the case out to the end.

The statements were inspired by the general interpretation placed on the letter which Mr. Sulzer sent yesterday to Lieutenant Governor Glynn turning over to him from signature requisition papers for the extradition of a prisoner. The letter was taken to mean that the impeached legislative thereby recognized the right of Mr. Glynn to act as governor pending the outcome of the trial.

Has Not Surrendered Position.

This his counsel—Valentine Taylor and D. Cady Herrick, as well as the governor's secretary, Chester C. Platt—all emphatically denied. They were apparently eager to correct the impression that in the midst of the fight, the governor had surrendered the position upon which he has stood since his impeachment—that he was impeached unconstitutionally and is therefore still governor. They made it plain that he did not recognize as final the recent decision of Supreme Court Justice Hasbrouck that Mr. Sulzer, as governor, had no right to exercise the pardoning power.

Justice Cochrane Issues Writ.

James C. Garrison, the governor's friend and graft investigator was tonight still a prisoner in the Albany county penitentiary where he was committed yesterday by the assembly for contempt of that body. Supreme Court Justice Cochrane at Hudson tonight issued a writ of habeas corpus for Garrison, returnable at Albany Monday afternoon.

The writ was obtained after a day of hard labor by Gilbert E. Roe and John T. McDonough, attorneys for Garrison. Early today they began searching for a supreme court justice in Albany, but their efforts were futile. Then they began telephoning around the state for another justice. Finally Justice Cochran was located at his home in Hudson, where he issued the writ.

URGES RE-CONSIDERATION OF GERMANY'S DECISION

Missourian Urges Germany To Participate in Panama-Pacific Exposition.

Berlin, Sept 20.—Representative Richard Bartholdt of Missouri who is staying at Bad-Herzeburg wrote today to the Cologne Gazette and the Frankfort Gazette urging re-consideration of Germany's decision not to participate in Panama-Pacific exposition at San Francisco in 1915 as this is, he points out, a deflecton from Emperor William's policy of cementing the friendship between the two countries.

America, he says, is entitled to expect participation by those sea faring nations which partly make their living out of her. He declared it unwise for Germany to miss an opportunity of proving that the fatherland is a better friend of the United States than England. Private participation in the exposition, no matter on how extensive a scale, would be, he concluded, insufficient and Germany must take part officially.

PUBLICATION SUSPENDED.

Janesville, Wis., Sept. 20.—With the Sunday issue of the Janesville Recorder, for thirty-six years the only Democratic daily in the first congressional district of Wisconsin, will suspend publication. Lack of business is said to be the reason. The plant has been purchased by the Janesville Gazette and Recorder will be discontinued.

GAYNOR'S BODY LIES IN STATE IN NEW YORK CITY

REMAINS TAKEN TO CITY HALL AFTER SERVICES AT RESIDENCE

Thousands Pay Silent Tribute as Body is Borne Into Building—Public Will View Features Today—Funeral Monday.

NEW YORK, Sept. 20.—In the rotunda of the city hall, on the scene of his years of labor for the municipality whose legislatiave he was, the body of William J. Gaynor lies in state tonight, his coffin draped in the while silken folds of the mayor's official flag and watched over by a guard of honor from the city's police and firemen.

The mayor's body, landed yesterday from the liner Lustiana and taken to his late home in Brooklyn, where private funeral services were held this aftrnoon, was tthis evening brought through a drizzling rain to the city hall from the steps of which less than three weks ago, he accepteda people's nominataion for reelection to the mayorality. Tonight many thousands stood with heads bared and bowed paying silent tribute as his body was borne into the building.

Tomorrow at 8 o'clock the doors of the city hall will be opentd and from that hour until sunset or later citizens will be given opportunity to view the dead mayor's features. On Monday the public funeral will be held in Old Trinity church.

The private services in the Gaynor home were held two hours before the body was brought to Manhtattan, the little gathering there including only immediate member oft he family and close friends. The service brief and simple, was read by the Rev. Frank W. Page, of Culpepper, Va., formerly pastor of St. John's Protestant Episcopal church in Brooklyn of which Mayor Gaynor was a communicant.

The clergyman's tribute was personal and intimate and his eulogy of the late mayor's character and good deed was a heart-felt message of consolataion to the mourning family and friends.

Promptly at four o'clock two hundred mounted policemen stood at attention outside as the coffin containing the body of the mayor was carried from the house by firemen and policemen and placed in the hearse while departmental heads and members of the board of estimate actinz as escort, stood with bared heads. The funeral cortege then made its slow way to New York across Brooklyn bridge.

At lease 50,000 persons stood uncovered in the drizzling rain as the solemn procession, headed by the mounted police and escorted by Mayor Adolph Kline and other city officials marched to the city hall. Conspiciuous among the floral tributes was a wreath of white roses four feet in diameter sent by Col. Theodore Roosevelt.

THIRTY SIX INJURED WHEN PASSENGER TRAIN LEAVES RAILS

Four Seriously Hurt When C., R. I. & P. Train is Wrecked at Manhattan, Kan.

Manhattan, Kan., Sept. 20.—Thirty-six were injured, four seriously, as the result of the derailment of Chicago, Rock Island & Pacific passenger train No. 40, near here today.

Among the injured are Mrs. E. H. Smith of Washington, Ia., who was severely bruised, and Henry Arnett of Geneseo, Ill., whose injuries consisted of two broken bones and severe bruises.

Others seriously injured were J. P. Hadley, a train porter; Mrs. C. A. Smith of Othello, Mo., and J. O. Thompson, the conductor. Those who received minor injuries were taken on a special train to McFarland, Kan., and continued their journey from there. The others were brought to a local hospital.

TWO SENTENCED TO BE ELECTROCUTED.

Indianapolis, Ind., Sept. 20—State officials here tonight received word that Steve Jurscha, of East Chicago, had been sentenced to be electrocuted by the circuit court at Crown Point, for the murder of his wife. The date of Jurscha's electrocution was not told in the message.

At the same time that word came Jurscha's sentence officials of the state prison at Michigan City announced that it would be impossible to carry out the decree, because the last legislature, in passing the bill substituting electrocution for hanging, had failed to appropriate money for equipping the prison to carry out such sentences. This, the officers said, would prevent Jurscha and Harry Rasico, sentenced today at Terre Haute, from being executed. When told of the contentions of prison officials, Attorney General Thomas Honan declared that money to purchase and install the electric chair was available from any of four state funds.

GENERAL MILES A CANDIDATE.

Fitchburg, Mass., Sept. 20—Announcement was made today in behalf of Major General Nelson A. Miles, U. S. A., retired, from his home in Westminster of his candidacy for the Republican nomination for congress in the third congressional district. The seat was made vacant by the death of Congressman William Henry Wilder. The general was once a candidate for the Democratic nomination for president, but members of his family said tonight that he is now a Republican.

BRAVERY OF YOUTH SAVES SCORES OF LIVES

RESCUES EMPLOYES FROM UPPER FLOORS OF BURNING BUILDING

Two Men Fatally Injured In St. Paul and Monetary Loss Will Total $310,000—Flames Spread Quickly.

ST. PAUL, Minn., Sept. 20.—To the coolness and brastery of a youthful passenger elevataor operatoar, scores of employes of the Louis F. Dow company an office fixture manutacuring concern, owe their lives. Trip after trip the boy shot his car to the upper uoors of the six story structure and brought girls and men safely from the flames which late today fatally injured two men and caused a loss of $310,000 to the company building.

The cause of the fire probably will never be known. In the basement where the fire started were James Connelly, aged 40, engineer, and Michael Zeller, aged 27, finisher. Both these, according to physicians tonight will die as the result of burns. Before lapsing into unconsciousness Connelly stated that there had been an explosion, which in a moment transformed the engine room into a mass of flames.

The fire spread quickly and many of the 250 employes, 45 of whom were girls, were captured by firemen according to Mr. Dow, president of the company all escaped from the building though it was rumored late tonight that two had been caught in the basement. Exploration of the ruins will not be possible until tomorrow.

MANUFACTURE OF LIQUID AIR FOR DOMESTIC REFRIGERATION

Frenchman Predicts Possibilities of Having Liquid Air Piped Into Homes at Low Price.

Chcago, Sept. 20.—Development of processes of manufacture of liquified air so that it will be available for domestic refrigeration was explained by Georges Claude, of Paris, France in a lecture to the third annual international congress of refrigeratiaon here today. It will be possible within a few years, M. Claude predicted, for municipal ice plants to pipe liquid air into homes for use of hornewives in their refrigerators at a price low enough to make the service popular.

Preservataion of eggs without impairment of their flavor for long periods occupied an important place in discussions today. The delegates will put their theories to the test Tuesday night when they will attend a final banquet at which every article served will have been preserved by freezing.

CLERKS OF U. S. COURTS FORM ORGANIZATION

Preliminary Organizataion Is Formed at Cincinnatai With R. C. Brown of Springfield Secretary.

Cincinnati, O., Sept. 20.—A preliminaray organizataion of the National Association of Clerks of the United States courts was formed here today with W. W. Nall of St. Louis, president pro-tem, Robert C. Brown of Springfield, Ill., secretary and E. M. Keating, of Charleston, West Virginia, treasurer. The next meeting will be held in Washington, D. C., when the organization will be made permanent and when an effort will be made to have every judicial district in the country represented. One of the motives of the new organization is to have a straight salary system and board in the clerks offices of all United States courts instead of the fee system that exists at present. West Virginia, Illinois, Ohio, Kentucky, Pennsylvania, Missouri, Indiana and South Dakota were represented at today's meeting.

MASON HANGS FOR HOUR ON SPIKE OF HIGH CHIMNEY

Two Men Fall When Scaffold Gives Way—One Probably Fatally Injured.

Hammond, Ind., Sept. 20.—With the back of his jumper caught on a spike in the chimney at the plant of the Standard Oil Works here, Samuel Nanzy, a mason, hung for nearly an hour 100 feet above the ground today before his fellow-workmen could rescue him. Nanzy and John Horak were working on a scaffold 25 feet from the top of the stack. The scafford gave way. For a moment the men hung to the swaying board, then timber to which Horak was holding broke loose and he fell to the ground. Nanzy's hold broke at the same moment but he only fell a few feet when his over-alls caught on a spike.

He was rescued by a rope lowered to him from the top of the stack. Horak was probably fatally injured.

HELD ON SUSPICION.

Detroit, Mich Sept. 20.—William Alias "Bid" Houlihan, said to have a long prison record was taken into custody here this afternoon and will be detained while the local authorities communicate with the bank of Montreal concerning the $372,000 bank robbery at New Westminster, B. C. more than a year ago. Houlihan carried $250 in bank of Montreal bills when taken into custody and it is alleged that the bills answer the description of some of the money taken in the New Westminster robbery.

MEXICO'S POLITICAL AFFAIRS CHANGE

Fight Appears to Have Opened on Catholic Party's Influence in Governmental Affairs

CIRCULATE MANY RUMORS

One Goes So Far as to Deal With Possibility of Huerta Dissolving Congress to Rid Himself of Opposition

ABANDONS INTENTION TO RECALL DIAZ

MEXICO CITY, Sept. 20.—Political affairs in Mexico have undergone a marked change in the last few days. The liberal party's defiance of President Huerta in the chamber of deputies yesterday, growing out of opposition to the appointment of Edwards Tamariz, one of the leaders of the Catholic party as minister of public instruction, appears to have opened the fight squarely on the issue of the Catholic party's influence in governmental affairs, with the liberals and affiliated elements in congress lined up against it.

Rumors regarding the action President Huerta is likely to take went so far today as to deal with the possibility of his dissolving congress to rid himself of opposition from that source and backing Federico Gamboa, the foreign minister, as his choice for th presidency in the coming elections.

Might Postpone Elections.

Other rumors were that General Huerta would bring about a postponement of the elections pending the pacification of the country and would either remain in the presidency or retire in favor of Minister Gamboa. President Huerta himself says he has no intention of dissolving congress. He also has abandoned his intention to recall General Felix Diaz from Paris.

In the face of overwhelming odds against him in the chamber of deputies, General Hueria said he would consider the withdrawal of the appointment of Tamariz or might possibly shift him to some other ministry where there is less antagonism. The great interest attaches to the action the Catholic party will take tomorrow in convention in view of recent developments. The name of Frederico Gamboa is the only one figuring tonight in the gossip as to the probable choice of party although it is said that a compromise candidate might be selected. Because of Senor Gamboa's very recent appearance as a political factor he is not widely known among the delegates.

Will Not Head Treaty.

Piedras, Negras, Sept. 20.—Until the constitutionalists are recognized the Carranza government will take notice of no treaty between the United States and Mexico. This fiat went forth today from Carranza chiefs at Piedras Negras, when United States Consul Blocker protested against the increase to $1 per head of the tax collected by the constitutionalists at the Mexican side of the international bridge over the Rio Grande. The consul observed that a treaty obligation with Mexico had been violated and that the Washington government had authorized him to enter a protest. Carranza officials briefly said in the absence of recognition of Carranza they would not heed any treaty obligations between the two nations.

Appeals to President Wilson.

Los Angeles, Calif., Sept. 20.—An appeal to President Wilson to investigate the circumstances under which American settlers in the Yaqui valley in Sonora left their homes and came to United States was telegraphed from Los Angeles today by Charles O'Brien.

In the message Mr. O'Brien said he was appealing directly to the president because he had received no response, except through news dispatches, to a request he had made of the state department that the settlers be returned to their Sonora homes at the expense of the United States or that their property in Mexico be protected by this nation.

Mr. O'Brien wrote of "the apparently deplorable blunder" which caused 139 refugees who recently arrived here on the United States steamer Buffalo to abandoned their homes and their property when no necessity for suc haction existed."

He declared consular agent Robert Vail of Guaymas and Lieut. R. L. Henley virtually had ordered the settlers to leave on 48 hours' notice and had failed to acquaint them with the contents of President Wilson's message relative to the quitting of Mexico by Americans.

He added that telegraphic advices to him received today from Sonora stated all was quiet there and that the Yaqui Indians were causing no trouble.

Tamariz Resigns Portfolio.

Mexico City, Sept. 20.—Eduardo Tamariz tonight resigned his portfolio as minister of public instruction and resumed his seat in the chamber of deputies.

General Huerta had a conference with the leaders of the opposition in an effort to close the breach.

MINE MANAGERS SUBMIT REPLY TO J. A. MOFFIT

REJECT TWO PROPOSALS OF FEDERAL DEPARTMENT FOR ARBITRATION

Declare That There Can Be No Dealings With the Western Federation of Miners—Declare Minimum Wage Impracticable.

CALUMET, Mich., Sept. 20.—The mine managers tonight rejected two proposals of the federal department of labor for arbitration of the copper miners' strike. They submitted their reply to John A. Moffit, sent here by Secretary of Labor Wilson.

Briefly, the reply the operators submitted says. That there can be no dealings with the Western Federation of Miners, the chief issue in the strike. That the federation members who are on strike represent only a small part of their employes. That all of the larger companies are operating. That the Federation is the only obstacle to an adjustment of differences, if any, between the strikers and the companies. That no grievances have been submitted formally or otherwise to the operators.

The managers urge the department of labor to use its good offices in prevailing upon the federation to leave this district. They declare they will not deal either directly or through arbitration or in any other way with the federation. The operators say they have under consideration an eight hour day, but declare a minimum wage impracticable because of varying conditions.

His mission a failure. Mr. Moffit will leave tomorrow for Washington. What the next step of the department of labor will be he does not know. A senatorial investigation is not looked for here, as, apparently, no federal question is yet involved.

TWO WOUNDED BY STRAY SHOTS FROM REVOLVER DUEL

Dr. Doris DeBogan and Dr. Saul Brucker Receive Bullet Wounds While on Way to Meeting in Chicago.

Chicago, Sept. 20.—Dr. Doris De Bogan, former superintendent of the United Hebrew Charities, and Dr. Saul Brucker, former superintendent of the Jewish Orphan Home were seriously wounded tonight by stray shots from a revolver fight between two Italians. Dr De Bogan was shot in the right hip and left side. Dr. Brucker received a bullet in the left leg.

The two physicians were on their way to a meeting at the Hebrew institute. Samuel Correto and Hernai Teteki suddenly rushed out of A saloon shooting at each other Correto was shot twice in the chest and probably will die. Teteki was wounded in the back and abdomen and his condition is critical. No statement could be obtained from either.

POTOMAC FARMER HAS HARD TIME GIVING PROPERTY AWAY

Gives $50,000 Home to Children's Home and Aid Society—Will Be Returned To Him at End of the Year.

Pontiac, Ill., Sept. 20.—A. B. Judy, a farmer of Pontomac near here has on his hands a $50,000 children's home and aid society he gave to the state a fw yars ago as a mmorial to his mother. He offered the buildings first to Middle Fork township as a high school but the township, by a vote, declined theh offer as they could not afford to maintain the school. The buildings then were offered by Mr. Judy to the Children's home and aid society. The society accepted the gift and tried to make use of the buildings. One of them burned and was replaced by the society at a cost of $20,000. The aid society has notified Mr. Judy that it will return to him at the end of the year and it wants to be repaid the $20,000 spent to replaced the burned building.

Mr. Judy now offers to add 100 acres of land to the buildings of Vermillion county will accept them for charitable purposes.

ISSUES ADVICE TO PUBLIC.

Washington, D. C., Sept. 20.—Beware of freak diets and of fakers calling themselves food experts; eat what you want when you feel like it, giving attention to cleanliness and wholesome cooking. This is the official advice of the department of agriculture in a warning to the public issued tonight as a result of an investigation just finished by government specialists into the operations of self-styled "experts in dietics."

The department's statement declares that the ordinary wholesome American diet furnishes the body with what is needed to sustain it and the fad for whole grain cereals and the like is useless. Raw food if clean and free from contamination is all right if anybody wants to eat it, the specialists say.

DUNNE APPOINTS TWO.

Springfield, Ill., Sept. 20.—The Chicago men were today appointed to office by Governor Dunne. Doctor C. Volini was named mtmber of the West Park Commission to succeed Frederick W. Deckmann, and William Mazurak was appointed superintendent of the West Side Free Employment office vice ames H. Marks, resigned.

LETTERS THROW LIGHT ON SCHMIDT'S PAST LIFE

SLAYER WAS ACCOMPANIED BY WOMAN ON TRIP TO AMERICA

Detectives Refuse to Disclose Name of Woman Who Believed She Was Wife of Schmidt—Germans Identify Muret.

NEW YORK, Sept. 20.—Letters found in a trunk owned by Hans Schmidt, the self-confessed murderer, show that on his trip to this country he was accompanied by a woman who believed that she was his wife. She did not know that Schmidt had ever been a priest and evidently had been made to believe that he was a professor of philosophy. The letters were written in German. One, it was said, was mailed from Louisville, Ky.

From the tenor of the letters the detectives believe that the woman was the victim of a fraudulent marmariage, as was Anna Aumuller.

After Schmidt had left the woman in Louisville he wrote to her, according to the detectives, saying that he had obtained a position in one of the universities in New York City. In reply the woman wrote rejoicing in his good fortune and begging him to let her join him as soon as possible. It is not believed, however, that Schmidt ever brought her here.

Inspector Faurot's men refused today to give out the name of the woman signed to the letters.

The letters found in Schmidt's trunk mount up into the hundreds and, according to the detectives, throw a great deal of light on his past life. They show, it was said, that a long list of women had been fascinated by him.

German Police Identify Muret.

Hamburg, Germany, Sept. 20.—The police here today identified as Arthur Heibing, the man now detained in New York as "Dr. Frank Muret," and under suspicion of being concerned with the confessed murderer, Father Hans Schmidt, in his counterfeiting operations.

Heibing was born at Nakel, in the province of Posen, in 1887. He resided at Hamburg from 1904 to 1909, posing variously as a merchant, insurance regent and a physician. He lived in about twenty different lodgings here.

Heibing became a member of the Hamburg Young Men's Christian association under the name of Muret and was repeatedly in trouble in the courts. He disappeared from Hamburg at the end of 1909 and warrants for swindling frauds are still out against him, both in Hamburg and in Berlin.

Believe Hoch Was Schmidt's Brother

Chicago, Sept. 20.—Johann Hoch, the "Chicago Bluebeard," hanged here in 1905 for killing one of the twelve wives he was known to have married, was really Johann Schmidt, according to Isodore Plotke, the attorney who defended Hoch. Plotke said that Schmidt came from Mainz, Germany, and that he bore a strong resemblance to the New York murderer.

"My client told me he had brothers and sisters in Germany," Mr. Plotke said. "I have examined the photograph of Father Schmidt. If he wore a moustache I might almost take him for Hoch. The two men's faws are much alike in their extreme breadth."

THAW'S COUNSEL HAS COMPILED MASS OF EXTRADITION PRCEDENTS

Governor Felker Quoted as Saying That His Mind Is Perfectly Open on Subject.

Concord, N. H., Sept. 20.—A mass of information bearing upon extradition precedents in New Hampshire lay before counsel for Harry K. Thaw tonight ready for presentation before Governor Felker Tuesday, in an effort to defeat the attempt to have the slayer of Stanford White returned to Matteawan asylum. The order of the proceedure of the defense will be decided Monday.

Governor Felker was quoted today by a close friend as saying: "Now that this matter has been put up to me I shall decide it in accordance with what seems to me to be my duty; simply, solely uninfluenced by public clamor or any other outside consideration.

"My mind is perfectly open on the subject of extradition and I want full information before I decide."

WEATHER INDICATIONS AND TEMPERATURES

Washington, Sept. 20.—For Illinois: Fair and cool Sunday with brisk northwest to north winds; Monday, fair, warmer in west portion.

Temperatures.

Chicago, Sept. 20.—The Current, maximum and minimum temperatures for today were:

	Current.	High.	Low.
Boston	58	58	56
Buffalo	68	76	54
New York	64	66	56
New Orleans	76	86	74
Chicago	45	64	62
Detroit	56	74	56
Omaha	62	68	52
St. Paul	48	52	40
Helena	72	76	36
San Francisco	66	70	56
Winnipeg	44	50	36

INVITE VANDERLIP TO DISCUSS BILL

Senate Banking and Currency Body Will Also Ask Talbot to Give Views on Measure

WILL HEAR MR. UNTERMEYER

W. W. Flanagan Approves Dillin Principle, But Suggested A Number of Amendments---Questioned by Senators

WORK ON INCOME TAX OF TARIFF

WASHINGTON, Sept. 20.—The banking and currency committee of the senate preparing to continue its hearings on the administration currency bill as passed by the house, today decided to invite Frank C. Vanderlip, president of the National City Bank, of New York to discuss the measure before the committee. Late vice-president Talbot of the same institution will be invited to appear. The committee has decided to have in attendance an expert from the office of the comptroller of the currency to keep the committee straight on technical questions during the examinataion of witness in future.

Monday the committee will hear Samuel Untermyer, who as attorney for the Pujo sub-committee of the house banking and currency committee conducted the extensive money trust investigation of the last congress.

W. W. Flanagan, of Montclair, N. J., was before the committee today. Hhe approved the Dillin principle, but suggested a number of amendments. His examinataion developed an inclination on the part of Senators Reed of Missouri and Hitchcock of Nebraska, to question various provisions of the measure. Senator Hitchcock questioned the banker closely as to the possibility of the proposed federal reserve board expanding and contracting credit throughout the country to suit its political purposes and of the regional reserve banks exercising a baleful influence over member banks through the regulation of loans and discounts.

On the latter point Senator Reed asked several questions, indicating that he feared that the power conferred in the regional banks would enable them to dominate not only the banks but the industrial institutions in their districts. Mr. Flanagan said he expected no such evil results from the oprations of the bill.

Work on Income Tax Setion.

Detailed work on the income tax section of the tariff bill was begun by the tariff conferees late today. After an hours' consideration of its provisions the conference committee adjourned until Monday, leaving several of its members to study the section more critically. Representative Hull of Tennessee, who drafted the income tax provisions adopted by the house, but who is not a member of the conference committee was called into govern its provisions with Senators Williams and Shiveley and Representative Kitchin. The full committee will resume work on the income tax section Monday.

HEALTH GREATLY IMPROVED

Berkley, Cal., Sept. 20.—Secretary of the Interior Franklin K. Lane, will leave tomorrow for Monterey, Cal., where a cottage has been engaged for a week's stay. He will return to San Francisco for a brief visit before departing eastward. Secretary Lane's health is greatly improved.

SPARKS FROM THE WIRE

DULUTH, Minn., Sept. 20.—For five minutes this afternoon a light snow fell here, the first of the season. The maximum temperature was 46 degrees.

LONDON, Sept. 20.—If the wishes of a majority British sportsmen are followed, Great Britain's last appearance in the Olympic games will be in 1916.

HEIDELBERG, Germany, Sept. 20.—Only a small number of persons, chiefly the representatives of princely houses, were present at the funeral this evning of Princss Sophia, the only daughter of Prince William of Saxe-Weimar-Eisenach.

ATLANTIC CITY, Sept. 20.—Louis Colquitt of Jersey City won the Westy Hogan handicap shoot here today. He wrested the honor from H. H. Eyre of Philadelphia in the shoot-off.

CINCINNATI, O., Sept. 20.—The local police department received word tonight from the national headquarters of the bureau of identification at Washington that the photographs of the three men arrested here last Thursday giving names of James McCarthy and Carl Morna of Chicago and Edward Walsh of New York, had been identified.

CHICAGO, Sept. 20.—Practice was today commenced on football fields throughout the middle west. On Chicago university field a strong army of candidates lined up, including the 680 pound trio, Shull, Hardinger and Redmon, all of whom are practically sure to play on the varsity.

Fine Diamond Jewelry

Diamonds, because of their unsurpassed beauty and sentiment are ideal possessions.

FOOTBALL AT ILLINOIS COLLEGE

PRACTICE WILL BEGIN MONDAY AFTERNOON ON HILL.

Coach Harmon is Expected Home From the Indian Camp at Carlisle, Pa.—Many Old Players Are Back and a Squad of Fast New Players Will be in the Game.

On Monday afternoon the first practice of the Illinois college football squad will be held. As in previous years there is more or less uncertainty in regard to the number of players who will be back in school. During the past three seasons Coach Harmon has been confronted with the task of building almost a new team. Last fall, for instance, there were but three old men on hand, around whom to build a team. It was necessary to play two of these three men in positions new to them, so that the team was almost an entire new one. This state of affairs was the result of the graduation of a large number of players of the 1911 team. Fortunately a large number of high school players with considerable experience came in last fall. With a team made up almost entirely of players new to college football, the season schedule was an even break with four lost and four won.

Nucleus For Team.

Those who saw the Thanksgiving game with Lincoln will not soon forget the brilliant game put up by the Illinois team. In that game they played the best football of the season. Upon the players who took part in that game Coach Harmon will naturally rely as the one to bear the brunt of this season's play.

Captain Ross, a steady reliable player, upon the team for four years, will be missing from his place at right tackle. He was graduated last June and he was the only player lost to the team by that route. All the other men are expected back, except Tandy, who goes to North Carolina to school, and perhaps Furr and Sorrells.

Captain Alford Here.

Captain Alford will be on hand at halfback to lead the team. Stewart at quarter will be more valuable this year than last on account of his experience. His punting is a great asset to the team. Jaccard, Furr and Sorrells complete the backfield material, although it is uncertain about the latter two returning. Darragh, who played in the backfield last year, will also be on hand but he will likely be used as a line man this fall, as he seems better adapted to that department.

Line Will be Intact.

The line will be almost intact from end to end. McLaughlin, Pierce and Karch form a trio of ends who have had a season's experience. Robbins Russel at left tackle will be available, and should show marked improvement this fall, though his playing last season was creditable for a first year man. Carl Lukeman and Holmes at the guard positions should present a stone wall to the enemy with their weight and experience to rely upon. Of course the position of center will have to be filled, as Tandy goes away. That leaves right tackle, the position vacated by Capt. Ross, also to be filled. Altogether this is a much more encouraging prospect than has been in evidence at the beginning of the last three seasons.

Number Good Substitutes.

In addition to the large number of veterans who will be available, there are a number of good substitutes from last year's squad and the new students who are coming in this fall will furnish some experienced material. Rex Gary, who made such a good showing at quarter in some of the games last fall will be out again. Atchison came in during the second semester last year and did not get to mix in football. He is well built and seems to be a likely candidate. Other men from last year's scrub team are Blacketter, Berryman, Dugger, Stewart, Russell, Spruit, Hunziker, Cline and Berry.

Frisbee and Wilson Coming.

Frisbee and Wilson, who played end and half back, respectively, on Coach Weber's championship Springfield High school team last fall, have written Coach Harmon that they will be on hand early. These two men with the excellent coaching which they have received at Weber's hands will be very valuable to the Illinois team.

Taylor is a giant from Chapin, 6 feet 3 inches in height and weighing 190 pounds, is anxious to learn the game. Mitchell, who played tackle on the Pittsfield High school team last fall under Coach Potter's care, will be a candidate. He is stocky, fast and knows the game.

Ater, a 190 pound boy from Pleasant Plains who can step one hundred yards in eleven seconds, is another likely candidate. Hugh Moxley of Mt. Vernon is another probable candidate who will wear an "I" this fall. He is one of the star football men of the Mt. Vernon High school.

Harmon Returns Today.

Coach Harmon, who has been spending the past two weeks in Carlisle, Pa., the home of the famous Indian football team, with Mr. Warner as coach, is expected home today. No doubt the coach has picked up many new ideas of the game and with the splendid material he has on hand there is no reason why Illinois college should not enjoy a great baseball reputation over the state.

REMOVAL NOTICE.

Dr. H. C. Woltman has moved his office from West State street to 216 W. College avenue. Both phone 35.

HAS MOVED TO CITY.

H. F. Land and family have moved from Macoupin county to this city and will reside at 937 West Lafayette avenue. His son will attend school here the coming winter.

NOTES FROM THE LABOR WORLD.

In the state of Illinois there are 8,000 child laborers.

Rhode Island has established a 54 hour week for women and children.

There are almost half a million women employed in various trades in this country.

The International Brotherhood of Blacksmiths and Helpers will meet in convention at Sedalia, Mo., October 6.

The annual convention of the International Association of Heat and Frost Insulators and Asbestos Workers will meet on the first Monday of October.

One of the most interesting of trade unions is that of the underseamen of the Dutch navy, which has sections on almost all waships.

The United Mine Workers of District No. 1 in annual convention at Wilkes-Barre, re-elected John P. Dempsey and the entire administration ticket.

John P. Archibald, widely known as a labor leader, died the other day at his home in New York city. He was 60 years old and was formerly president of the Brotherhood of Painters and Decorators of America.

The linemen on all the interurban lines in Indiana, except those in the Wabash valley, went on a strike the other day. The men demanded recognition of the union, shorter hours and an increase in wages.

Locomotive engineers and firemen on the railroads west of Chicago will soon ask the railroad companies to revise their shedule of wages, according to an announcement made by representatives of railroad organizations.

Plans to organize the 20,000 sleeping car conductors and porters in the United States took form recently when the Federation of Pullman Conductors of America and Federation of Pullman Porters of America were incorporated at Springefild, Ill.

It is believed that a strike of the organized knitters employed in the knitting mills of Philadelphia, Pa., will be avoided by a compromise between the union and the employers. Several of the largest mills have already accepted the terms of the men.

The strike of the electricians under the control of the office of public works in London, England, which followed a strike of house painters and decorators, has been settled. The electricians involved included those employed in Buckingham and St. James' palaces, the general postoffice, the Tower of London and many other official buildings.

The problem of unemployment being rather acute in Berlin, two suburban municipalities, have suggested that all the communes of Berlin should co-operate in a system of unemployment insurance. The leaders of the trade unions say that there are at present 50,000 men in the city without work. The evil is worst in the building trade, and is ascribed to the increased price of land and the strain upon the money market.

The danger of a universal strike in South Africa has passed for the moment on account of concessions made by the government, but no one imagines that the trouble has been settled for good. On the contrary, it is likely to recur at any time. Encouraged by the success of the recent miners' strike, the Federation of Trades Unions and the railwaymen working in conjunction have been making the most extravagant demands and the only thing that seems to hold them in check is the lack of funds available for the support of the strikers.

PROSPECTS FOR ATHLETICS GOOD AT BROWNS.

With the large number in attendance this year at Brown's Business college and the interest already manifested in the formation of the basketball team the prospects for athletics this year seems very good. The basketball manager is in negotiation with teams from Galesburg, Peoria and other cities for games in the near future and practice work has already begun. The officers for this year are Arthur Grieseking, president of the athletic association and Peter Raines, the secretary-treasurer; Donald Butler, basketball manager and Harry Frye, basketball captain.

SHOWING OF NEW MODELS IN SUITS, COATS AND MILLINERY SINCE OUR SUCCESSFUL FALL OPENING.

THE BEST IS CHEAPEST.

Which is the reason why people like to have their clothes made by Larsen, the tailor, North Main street. His goods are best and his workmanship first class and his prices moderate.

Elbert Hubbard says, "That honest merchandise can be passed out to honest men by honest methods" and in this his views coincide with those of FRANK BYRNS' Hat Store.

FINE DOGS AT PHILADELPHIA.

Philadelphia, Sept. 29.—An unusually large number of dogs were shown tiday at the county fair grounds at Byberry, where the annual bench show under the auspices of the Kennel club of Philadelphia was held today. Society turned out in full force to see the fine display.

DOMESTIC SCIENCE CLUB ELECTS

The regular meeting of the Social Domestic Science club was held at the residence of Mrs. Mary Robinson with a large attendance. The guests were Mrs. J. R. Bolden of Mound City and Mrs. G. T. Shaw. After the regular business was transacted the election of officers was held and a social hour was enjoyed, when refreshments were served. Mrs. Robinson was assisted by Mrs. Lucy Bolden, Mrs. Catherine Haithman and Mrs. William Hamilton. The election of officers resulted in the choice of the following:

President—Mrs. James Brown.
First vice-president—Mrs. Lena Mitchel.
Second vice-president—Mrs. Jane Carter.
Chaplain—Mrs. Lydia Coffman.
Secretary—Mrs. Triplett.
Treasurer—Mrs. Katie Rhodes.

Garland & Co. are distributors of Staley brand wool underwear.

POULTRY ASSOCIATION MEETING

The Morgan County Poultry association will hold its meeting this month in the office of W. E. Thomson Tuesday evening. Important business will be considered relative to the coming poultry show.

WANT POLL TAX DELINQUENTS TO MAKE PAYMENT.

City Will Enforce Collection or Require Men Subject to the Tax to Work on the Streets.

There are said to be 1,130 male residents of Jacksonville subject to the poll tax of $1.50 per year who have not paid. It is the intention of the city to enforce the collection of this tax and according as a final notice of warning to delinquents the following notices are being mailed out.

Jacksonville, Ill., Sept. 20, 1913.
Dear Sir:

In accordance with section 4 of the poll tax ordinance adopted by the city council of Jacksonville, Ill., July 10th, 1911 you are hereby no- July 10th, 1911 you are City Hall at 8 a. m. on——the——day of—— 1913 for one day's labor in lieu of the payment of the tax of $1.50 levied upon every able bodied male inhabitant by the terms of the ordinance mentioned.

The list of delinquents has been certified to me by the city clerk and it now becomes the duty of this department to require from you labor upon the streets or the payment of the tax.

Any person failing to comply with the requirements as herein set forth or refusing the request of the commissioner of streets and public improvements shall be subject to a fine of not less than $5 nor more than $20 for each offense. The law will be strictly enforced.

Yours very truly,
W. Newman,
Commissioner of Streets and Public Improvements.

Mattoon, Belleville Joliet

If newspaper reports are correct, three Illinois cities have recently furnished striking examples of the too frequent outcome where individuals assume functions properly belonging to trust companies.

In these cities, men of high standing in their communities, enjoying the confidence of their neighbors and friends and the public generally, accepted estate funds and trust funds from men and women, old and young. They have become financially embarrassed and their affairs are so tangled that the Courts have taken charge. Many who entrusted funds to these men find they will suffer loss.

Had those who trusted these men taken advantage of the many-sided services of a trust company their funds would have been safely and properly handled.

As trustee for funds and as Executor, Administrator, Guardian, etc., the modern "trust company" represents stability and permanence. Unlike the individual, it cannot abscond, speculate with trust funds, go on vacations or render false accounts. It is chartered and regularly examined by the State, deposits with the State securities to protect its trust funds and offers as further protection its capital and the double liability of its shareholders. Its trust accounts are handled with the same promptness, exactness and care given its banking accounts.

TOURISTS PASS THROUGH RUSSIA

(Continued from Saturday)

Russia leather is a valued product and like the celebrated sheet iron from the same land it seems to have no equal. It is tough, pliant, waterproof and has a peculiar ability to repel instinct. Church music in Russia is fine. It should ze explained that the prevailing religion of the land is Greek Catholic and the czar is the head of the church, while his chief lieutenant and general manager may not even be a believer at all and the place has been filled by an avowed atheist, so that it can be seen that the religion of the realm is not very spiritual. The music is described as peculiarly fine, the male voices of the choir being among the best and when female singers appear they are the choicest. The extensive cathedral square makes one think of the time when the Master drove the money changers out of the temple. On the square are all sorts of cheap shops and booths for the sale of goods, while a part is occupied by the Cossack cavalry, who delight the small boys with all sorts of equestrian feats. A deserter from the army pretended to be badly wounded and went to a hospital for treatment well bandaged. There was a holiday when the bones of a saint were displayed and he kissed them, threw off his bandages, declaring himself miraculously cured and went so far as to get an audience with the czar and pose as a miraculous wonder, though the hospital people tried to expose him.

Our way continues to show more and more that we are truly in the realms of the great ruler of the Russias. Once along toward nightfall a wolf crosse dthe track in the rear of the train and doubtless he was one of the many which inhabit the bourdless forests on either side of the track. Every little while we pass a gang of section hands working on the track and their faces are covered with black veils to protect them from the dreadful mosquitoes which infest this region. At each curve and place where there might be any danger there is a watchman, or woman, who comes out with a green flag and announces that all is safe and theen poses with flag in hand dramatically till the train is well nigh out of sight.

About Weddings.

In this connection I cannot refrain from quoting from a traveler through this country:

"One day in company with our Lutheran friend we were strolling along a business street, we stepped into a large and well stocked furniture store and finding the proprietor in and being well acquainted with him, entered into a lively conversation with him. The Russian was a sturdy, well favored man of the Protestant persuasion. Presently he left us and going out to the rear of the store returned, bringing with him a handsome woman of the Murillo-Madonna type—modest and comely. It was a case where the course of true love did not run smooth. The man had fallen in love with a beautiful Jewess whom we had just seen. An old Russian law requires that when a Jewess of such a type desires to join a Protestant church such a ceremony must be performed in public in a Protestant church, at which time an unruly rabble is present to make sport.

"On the other hand a merciful proviso exists providing that if the bride to be can procure from a physician a certificate that such a public ceremony would make her nervous it may be dispensed with and in this case the desired document had been secured and all was happy."

In another place he describes a Russian wedding:

"Entering the cathedral and securing a good position we watched eagerly the wedding ceremony so novel to us. The priest arrayed in gorgeous yellow robes had a most peculiar head of brown hair, which stood out stiffly all over his head, reminding one of the comic pictures of the mischievous boy so frightened that his hair stoll up all over his head. However, there was nothing comical in the ceremony, but, as in most Greek church services, it was all solemn and symbolic throughout. As usual the music wa sespecially rich and thrilling and particularly fine were the deep, mellow notes of the priest wearing the Circassian head of hair. Without effort the voice of the priest was the sound of virile, unexhausted elemental vocality itself suppressed, purified and beautified by devotion and lofty spiritual feeling.

"The expectant couple in holiday attire did not stand before the altar, but in the center of the room. The priest led them by the hand to their proper positions and then gave each a lighted candle, symbolizing caution before leaping into wedded life. After considerable singing and reading the priest lifted the heavy Bible from the lectern and presented it to the bride and groom in turn to kiss, indicating that this book should be reverenced as their guide through life.

"Then he dipped two gold rings into holy water and aftre pronouncing the blessing handed one each to the bridal pair. The man placed his upon the middle finger of the woman, who did the same on the middle finger of her future husband, symbolic that each belonged to the other. After this two lofty golden crowns were produced. One was placed on the bridegroom's head and the other on the bride's, signifying that the man was to be king and the woman queen in their future home.

"Then, as if to restrain them from being unduly elated by these assured regal rights to throw a long white scarf around their clasped hands and rather unceremoniously led them three times around the lectern on which lay the Bible and a crucifix, thereby declaring that the truth and love of God should be the center of al ltheir actions. The sacrament of the Lord"s supper was then partaken and the crucifix kissed, thus emphasizing the sacramental nature of God's love, which their lives should exemplify. Finally that marriage is honorable so that no one entering wisely into its holy precincts need at any time be ashamed, they kissed each other on the mouth in public and the ecclesiastical ceremony was over. At the moment loving friends and relatives began cordialy to greet the happy pair and glad bells in the cathedral tower above chimed their happy approval."

A great deal has been said regarding the immigrant into this part of the country. The people have come in order to improve their condition, but the long, cheerless winters and short summers have a depressing effect upon him. He finds it hard to make a living and sighs for a change. Some time since an immigration agent visited Siberia for the purpose of securing laborers for the sugar plantations of Hawaii and thousands were eager to go with him and were disappointed when he left with but thirty families.

June 28th—The morning rose rather dark and a welcome rain had dispelled the dust, making the observation room at the rear of our car attractive. When people are not obliged to rise early they soon fall into idle habits and while I make no boasts of my own proclivities, I am unable to discover any pleasure in remaining long in bed in the morning, so I found the observation room all unoccupied and had it all to myself for a good while and our four were the only occupants for a good while longer till finally the good doctor and wife from Canton came in and were a welcome addition to the little circle. We could admire the scenery all we wished and it was rather attractive, being variegated as we passed along. There is one never failing source of pleasure in the landscape along this road and that is the endless variety of beautiful flowers, making me think much of the far famed Yellowstone National park in our own beloved land. They are of all colors and kind and are always lovely to see.

We have two characters in our car, the two gentlemenwho came forward or bac, from the first class cars to get more room. One is a bluff Johnny Bull from London, and the other a native of New Zealand and a dweller in the Malay land five degrees above the equator. The latter says he is engaged in tin mining, rubber plantation and some other entreprises. He says it is hot all the year round and the land is debilitating and he expects to leave before long and though he didn't say it, I am well satisfied it will be with a large fortune. The Englishman is a rather cynical individual, though not extremely so. Among other things he said his country had really possessed no statesmen since 1.00. He said the last century had but four in the world, Bismarck, Cavour, Ito and Abraham Lincoln.

Our small train list is quite cosmopolitan, having on it natives of China, Japan, England, Scotland, Germany, Russia, United States, Poland, France and one son of Abraham. All are congenial though and would become more sociable could they all converse together. During the day we passed two trains of Siberian exiles and as they looked sadly out of the grated windows of the cars in which they were being transported we couldn't help pitying them and wondering what had been the offense for which they were being punished.

This morning we crossed the great Yenisei river, the town of Krasnoyask. This city has a population of 50,000 and is beautifully situated on the great river just mentioned, and which is here divided by islands into several streams. It rises in the table lands of Mongolia, 5,000 feet above the sea level and flows some 3,000 miles before emptying into the Arctic ocean. This place is noted as the residence of Gennsdisus V.Yudin, a Siberian millionaire who has established a famous library which is said to be second to only the royal library at St. Petersburg. With kindly regard for our land he offered it at one third its cost to the United States government in order to make closer the ties between the two countries. The Russian minister of ways and communications granted the right of way to this famous collection and it now reposes in the beautiful congressional library building at Washington, where it reposes in a fireproof room, where 80,000 volumes can be examined and though all but 12,000 are in Russian a gentleman of that nationality is in charge and able to give much information regarding the contents of the treasure. It is rich in rare editions, choice engravings, old volumes and many other respects.

Russia is cursed with a vast amount of cheap literature of the yellow back novel stripe and it circulates at a fearful rate. A competent authority says it is largely responsible for much of the crime and the absence of respect for property right in the land. The volumes rank fourth in number. School books, almanacs and tracts alone exceeding them. Among the titles may be found such as "A Nest of Criminals," "The Man With Three Fingers," "The Revenge of the Escaped Convict," "The Corpse of the Gold Seeker," "The Bloody Pavilion," the Two Footed Wolf," "A Mysterious Crime," "The loody Talisman," "The Church Robber," and many more of the same character, and they are eagerly bought by the peasants and read greedily. The poor creatures have little of the bright side of life and it is no wonder they seek something to while away the tedious hours.

ONE KILLED IN CHIMNEY'S COLLAPSE

Chicago, Sept. 20.—A one hundred foot brick chimney collapsed and fell through the roof of a foundry today at the Deering plant of the International Harvester company in this city. One man was killed and five injured while many others had narrow escapes as the hundreds of tons of brick plunged through the roof.

EXPERT ORNITHOLOGIST TO SPEAK IN CITY.

Henry Oldys, Well Known Bird Man, to Lecture at Public Library.

Miss Lorena Webber is in correspondence with Henry Oldys, an ornithologist of wide repute and an expert on matters pertaining to birds, with a view to securing him to lecture on "Birds and Bird Songs," at the public library. The lecture, which in all probability will be given some time in October, will be noteworthy both on account of Mr. Oldys' life-long acquaintance with feathered creatures and by reason of his power to imitate almost to perfection the song of any bird. Mr. Oldys is connected with the Smithsonian Institution at Washington, D. C., and is endorsed by the Illinois Audubon society.

SPECIAL SALE ON FALL SUITS THIS WEEK AT HERMAN'S.

IS RECOVERING HER HEALTH.

Mrs. Otis Hoffman, who has been in Denver for several months past for the benefit of her health, recently underwent a serious surgical operation at St. Anthony's hospital there and is now rapidly improving. The Elks of Denver have shown Mrs. Hoffman a great many favors during her stay there and when she was taken to the hospital her room was made into a veritable bower of flowers and plants by them. Dr. M. A. Spangelberger, who performed the operation for the patient, is an Elk and he and others of the order have taken a special personal interest in the welfare of the patient.

Honest value in men's hosiery is always received when purchased of FRANK BYRNS' Hat Store.

VIRGINIA MERCHANTS PLAY LAST GAME TODAY.

The Virginia Merchants close their season today when they cross bats with the Shaffer Seals team of Springfield, at Virginia. The three Jacksonville players—Smith, Franz and DeFrates—are still with the Merchants, playing good ball. On the Springfield nine the first baseman, William Fox, is a former Jacksonville man. As a league player for this city he occupied the pitcher's box.

LEAVE YOUR ORDERS FOR MILLINERY NOW AT HERMAN'S AND GET PERFECT SATISFACTION.

LONERGAN FOUND NOT GUILTY OF CUTTING WINTER'S FENCE

Jury Returned Verdict at 4:30 Saturday After Short Deliberation.

"Not guilty" was the verdict returned by the jury at 4:30 Saturday evening in the case against James Lonergan on the charge of malicious mischief in cutting the fence of Thomas Winters, near Woodson. The jury were out but a short time after they had received their instructions from Judge Brockhouse, before they returned with the verdict. The case was closed by T. F. Smith, speaking for the prosecution. Other speakers for the state were State's Attorney Tilton and Judge M. T. Layman. F. E. Baldwin, Walter Bellatti and W. T. Wilson pleaded the case for Mr. Lonergan.

The defendant was charged with cutting the woven wire fence of his neighbor, Thomas Winters the night of May 3d. Bloodhounds were secured and followed a trail to Mr. Lonergan's property which fact combined with the suspicion that he had a motive for cutting the fence led to his arrest and presentation of evidence before the grand jury last May. The grand jury refused to indict him, leaving the case to come before the county court at this time.

Those who testified Saturday morning were Thomas Winters, the plaintiff, Sheriff Rogers and a deputy, W. F. Todd and C. J. Lonergan, the defendant's eldest son. Mr. Lonergan then testified in his own defense, accounting for his actions the Saturday evening before and the Sunday morning of May 4th, when the woven wire fence was found to be cut. Paul Lonergan, another son aided the defense materially by testifying that a short time after he had seen a man prowling near the fence Saturday night, he had found his father asleep at home.

Ice cream for Sunday dinner at Mellenix & Hamilton's. Phones 70.

John DeLess returned Saturday from a two weeks' stay in Monroe Wis., and Chicago. At Monroe he spent a week or more with his son Leonard DeLess, who has been a resident there for a number of years and is well pleased with his Wisconsin home. Mr. DeLess brought with him some samples of enormous apples raised on his son's place.

Nice, fresh made caramels at Howe's.

MEDICINE GOES LONG WAY.

Reading an advertisement in the Journal about Vinol, Mrs. Dawson of Carlisle, England, recently wrote to Lee Allcott, the local agent, asking if Vinol was sold in England. A letter was sent the manufacturing firm, Chester, Kent and Co., Boston Mass., who gave a negative answer but said if a dollar was sent they would send the desired bottle of medicine, postpaid, which was done.

Garland & Co. are showing an endless variety of nobby trousers.

Dr. A. R. Gregory and Dr. C. P. Sawyer, of East State street, desire the Journal to state that they do not intend to take rooms at the time in the Ayers bank building as had been reported.

Don't overlook that swell line of caps shown by Garland & Co.

WORKING ON THE FRANCHISES

Mayor Davis has been very busy during recent days preparing the utility franchises which he has agreed to have ready for the council Monday. The mayor said yesterday that a good deal of work still remained to be done, but that he expected to have railway, gas and electric measures completed in accordance with his statement at the special session last Wednesday.

A dandy watch given free with each boys' suit at Garland & Co.'s.

CORN EARS ARE HEAVY.

A good many growers of corn have noted that the ears this year, although not so numerous, as happens sometimes, seem to be heavier than unusual. Dr. Carl E. Black, Saturday, gathered eight ears at random from a ninety-six acre field on his Cass county farm and found that they weighed a total of ten pounds.

Montgomery & Deppe

"Years of Experience Have Proven to Me That the MAJESTIC Range IS the Best

"Strange, that for years, I couldn't see that trying to get good work from an old, wornout range, merely to save the price of a new one, was *not* true economy. My *Great Majestic* has more than earned its cost in the saving of fuel alone, because the open seams and joints in my old, worn-out range where the bolts were loose and the putty had crumbled away, made me burn *twice* as much fuel as necessary.

"Talk about luck in baking—"luck" is nothing but good oven and my *Majestic* oven is simply perfect. I can depend on it absolutely every day. I believe father and the children are happier and I know we have better meals at less expense with our *Majestic*."

Don't Buy Any Range Sight Unseen

Buying a range isn't an every day transaction. To be absolutely sure of complete satisfaction—don't buy from printed descriptions—see the *Great Majestic* (dealer in nearly every county in 40 states) compare it point for point with any other range. Then you can buy inteligently and be sure of a range that will last a lifetime—the

Great Majestic
Malleable and Charcoal Iron Range

A Perfect Baker—A Fuel Saver

Outwears Three Ordinary Ranges

ONLY range made of malleable iron and charcoal iron. Charcoal iron WON'T RUST LIKE STEEL—malleable iron can't break. Put together with *rivets*—joints always absolutely tight. Body lined with *pure asbestos board*, covered with iron grate—*you can see it*—insuring a *dependable* baking heat with *half* the fuel required in ordinary ranges.

All Copper Movable Reservoir—Other Exclusive Features

Reservoir in *direct contact* with fire, heats through copper pocket *pressed* from one piece—exclusive patented feature. *Oven thermometer—accurate all the time.* All doors drop down and form rigid shelves. *Open end ash pan—ventilated ash pit—ash cup.*

Contains Greatest Improvement Ever Put In a Range—increasing strength and wear of a *Great Majestic* more than 300% at a point where other ranges are weakest. Ask about it. Best range at any price. We can furnish any size or style with or without legs. Come in and let us show them to you.

ROAD COMMISSIONERS WILL FORM AN ORGANIZATION

Preliminary Meeting Was Held Saturday At Court House—Favor Hard Roads But Find Objectionable Features In Tice Road Law.

A meeting of highway commissioners of Morgan county was held at the court house Saturday and was quite largely attended. No organization was affected in a permanent way but it was understood that a later meeting will be held with that in view. At the Saturday meeting Richard Leake served as the temporary chairman.

Asked Saturday what the purpose of the meeting was Mr. Leake said the commissioners of the county are organizing into an association which they think will be of benefit to them and to the county at large. "Organizataions are being formed also in other counties and there will probably be fused into a state association later on. The commissioners are not in any way opposed to or fighting hard roads but they do believe that there are inconsistencies in and valid objections to the Tice Road Bill. The authority of the missioners, they feel is so curtailed by this new law that they are not in position to give the efficient service that would otherwise be true. For example in road district No. 6, in which district I am serving, nine bridges or culverts went out one night during a storm a year or so ago. Under our system of caring for such matters the bridges had all been replaced or contracted for within practically 24-hours time and as a matter of fact travel was not interfered with but a few hours; under the Tice bill a commissioner does not have authority to let a contract for any work which will cost more than $200. Several of these bridges cost more than such an amount and if the Tice bill had then been in operataion we would have had to go through a great deal of red tape in order to get the plans for the bridges approved and the contracts awarded. Many of the commissioners have served their respective districts for a long time and we think they are in a better position to understand the particular need in their localities and in which way their people want their money expended than is true of some one man from the outside. Occasionally there may be some road commissioner who does not do his duty honestly and efficiently but with three commissioners serving in each district it is a hard matter for very much dishonesty or corruption to prevail. One purpose of our organization is that the commissioners may meet and talk over plans of road improvement which will be of mutual interest. We believe that the experiences of the commissioners in one district will be of value to those in o thers. We want to be understood as favoring good roads and being ready to work for them. However, we do not believe that everything in the Tice road bill is satisfactory and desirable and a state organizataion of commissioners can no doubt point out to legislators what changes the people generally really want."

CHAMPIONSHIPS AT MONTREAL

Montreal, Sept. 20.—The provincial championships of the province of Quebec were held hr today at the Montreal Arameur Athletic association, Westmount. The progam included the customary features, with a 140 yard race for juniors and a mile run for intermediates.

LETTER FROM LONDON.

By Associated Press.

London, Sept. 20.—"Why was not John Burns made secretary of war?" is a quest British soldiers often ask. Whenever the head of the board of works wants recreation he goes into the country to some military encampment and marches a few miles with any detachment of soldiers that happens to be on the move, consequently the soldiers all know him and would like him at the head of the war department.

John Burns is a great walker. Twenty miles a day is relaxation from work for him. He is very much in evidence at all the Aldershot maneuvers, and he frequently joins some band of Territorials on the march, and then after a day, or an afternoon of tramping in the country, takes a train back to London.

Apart from his fondness for walking with soldiers, and a passion for attending fires and advising the firemen about their work, John Burns is in these days the least conspicuous member of the liberal cabinet. He, who in his former incarnation of labor agitator loved nothing more than to raise his voice in denunciation of the crimes of capitalists, seldom gets upon his feet in Parliament. Some say that this is because he is out of sympathy with his old time "pals" in the ranks of labor. They cannot overlook the fact that he attends court in knee breeches and gold braided coat. And they never fail to remind him, since he has been drawing a minister's salary of $25,000, that he once declared it was impossible for any man to earn more than $10,000 a year.

The new Japanese battle cruiser Kongo, which has just sailed from Plymouth for home, is taking with her forty torpedoes of a new and secret design. These torpedoes, a twenty-one inch weapon officially known as the V. L., are as great an improvement upon the British admiralty's Hardcastle weapon as that torpedo was upon its cold air predecessors. Both are propelled by heated air, but while the Hardcastle had a range of 8,000 yards, the V. L. can travel from 10,000 to 12,000 yards at a speed of 48 knots.

The trials of the Japanese order were made under the personal supervision of two officers of the Kongo, and the tests were carried on with the greatest secrecy. They are said to have been highly satisfactory.

In a few weeks the company manufacturing this new weapon will begin work on a large order for delivery to the United States navy.

An obstreperous ghost that has annoyed the residents of Ashfords by Rectory, in Leicestershire, for more than thirty years has been solemnly "laid" by the rector, the Rev. F. A. Gage Hall, according to published accounts. Arrayed in cassock and surplice the rector went into the haunted rooms and commanded the spirits to depart "in the name of the Father, the Son and the Holy Ghost," in accordance with the ancient tradition.

The rectory is an old-fashioned rambling building, which has in its past been the residence of many of the "quality," and the scene of many tragic deeds. The fable that the building was haunted has been a cherished conviction with the servants, and some visitors claim to have experienced happenings which could not be attributed to natural agencies.

The Rev. C. H. Strudwick, Vicar of Whetstone, a neighboring Leicestershire parish, slept for several nights in the house. He relates that on the first occasion he was alarmed in the small hours of the morning by a violent tugging at his bed clothes. He held on tightly but the clothes were pulled off, and when he lighted a candle the door was still locked and there was no visible explanation of the mystery. The sister-in-law of the rector suffered a similar experience. The rector says that the place has been reputed to be haunted as long as he can remember, but since the exorcism the ghosts have not manifested themselves in any form.

Through the objection of their descendants to the quality of the portraits of his predecessors, which hang on the walls of his private office, Ambassador Page hopes to secure an improvement in the gallery. During the past fortnight one grandson and one great-grandson have assured the ambassador with some warmth that the presentments of their distinguished ancestors were almost libelous, and they offered to replace the offending portraits with ones which would be beter art, if not better likenesses. Dr. Page assured them that such contributions to the artistic improvement of the historic collection would be welcomed and he expressed the hope that other disgruntled diplomatic descendants would call to examine the pictures of their forebears

When President Lawrence Lowell, of Harvard university, called recently upon the ambassador he was almost overcome when he saw the chromo which serves to perpetuate the features of his grandfather. Abbott Lawrence ,who once represented the United States at the Court of St. James. The Lowell family has always run to brains rather than beauty, but the Harvard president declared that his ancestor did not even look intelligent in the embassy portrait.

C. C. Pinckney, of Richmond, who called several days later, was the next protestant. When he saw the picture of his great-grandfather, Thomas Pinckney, first regularly accredited minister to the Court of St. James, from Washington, he paraphrased the saying of another famous ancestor by exclaiming, "Millions for art but not one cent for chromos."

Ambassador Page is now patiently awaiting the arrival of portraits of some of his early predecessors done in the best Trumbull and Stuart styles.

George Washington, of Nashville, Tenn., a lineal descendant of one of President Washington's brothers, is visiting Sulgrave Manor, the ancestral home of the Washington family.

An option has been secured on the manor, which will be purchased by the British committee for the celebration of a Hundred Years of Peace, as a lasting memorial for occasion. It is said that $75,000 is needed to complete the purchase of the property, and while Joseph G. Butler, of Youngstown, Ohio, was here to unveil the Ohio panel of the Pilgrims monument at Southampton, he offered to raise $50,000 of the amount on his return to America.

The British committee hopes to raise the full amount in England and thus make the presentation of the ancient Washington home to the American people one of the graceful acts of the celebration.

CLOSE OF BAY STATE PRIMARY CAMPAIGN.

Contest for Gubernatorial Nomination Has Been Exciting.

Boston, Sept. 20.—One of the most interesting and hotly contested preliminary campaigns ever known in this state will come to a close tonight, when practically all the candidates upon the state tickets in the eld will wind up their strenuous efforts preliminary to the primaries which wil be held next Tuesday, September 23. There will be a few more, political meetings on Monday, but the last of the heavy work will be done today.

Considering the fact that the fall campaign this year lacks any national features which naturally add to the public interest in a campaign, the preliminary struggle preceding the primaries has ben extremely spirited throughout the state. This is principally due to the strenuous contest for the gubernatorial nomination on the Republican ticket.

For the Democratic nomination for governor there is but a single candidate in the field, D. J. Walsh, present lieutenant governor, who is the slate candidate of the Democratic state committee. It had been expected that Eugent N. Foss, the present governor, who had been elected on the Democratic ticket, would again be the candidate for governor on the Democratic ticket, but there was strong opposition to his candidacy among the leaders of the party. An effort of Governor Foss to obtain a place upon the Republican ticket also failed, owing to his inability to obtain the necessary number of names in support of his candidacy. With Governor Foss out of the reckoning, there seems but little doubt that Lieut. Gov. Walsh will receive the Democratic nomination at the primaries next Tuesday.

Greatly more complicated is the situation in the Republican camp, where two candidates compete for the gubernatorial nomination, Col. Everett C. Benton, a successful business man, the head of the John C. Page Insurance company, and Hon. A. P. Gardner, the son-in-law of Senator Lodge, at present a member of the national house of representatives from the sixth congressional district of Massachusetts. Both candidates have numerous friends and each is condent of winning at the coming primary.

The Progressive party has only one gubernatorial candidate in the field, Mr. Charles S. Bird, a wealthy paper manufacturerer, who has been active in the interests of the Progressive party in this state ever since the party was formed.

All Blood Disorders Quickly Driven Away

Astonishing Results With the Greatest Blood Purifier Ever Discoverd.

Strength, Power, Accomplishment are all Typified in S. S. S.

Some blood disorders become deeply rooted in the glands and tissues, and the mistake is made of resorting to drastic drugs. These only aggravate by causing other and worse troubles. A host of people know this to be true. They know from painful experience.

To get right down into where the blood is vitiated requires S. S. S. the greatest blood purifier ever discovered.

This remarkable remedy contains one ingredient, the active purpose of which is to stimulate the tissues to the healthy selection of its own essential nutriment and the medicinal elements of this matchless blood purifier are just as essential to well balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food.

Not only this, but if from the presence of some disturbing poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses and kindred troubles, S. S. S. so directs the local cells that this poison is rejected and eliminated from their presence.

Then, too, S. S. S. has such specific stimulation on these local cells as to preserve their mutual welfare and a proper relative assistance to each other.

In a very brief time S. S. S. has the reconstructive process so under control that remarkable changes are obseved. All eruptive places heal, mysterious pains and aches have disappeared, and from head to foot there is a conscious sensation of renewed health.

From the fact that S. S. S. is purely a botanical preparation, it is accepted by the weakest stomach and has great tonic influence. Not one drop of drugs or minerals is used in its preparation. Ask for S. S. S. and insist upon having it. And if you desire skillful advice upon any matter concerning the blood and skin write to The Swift Specific Co., 105 Swift Bldg, Atlanta, Ga. Do not allow some zealous clerk to larrup the atmosphere in eloquence over something "Just as good" as S. S. S. Beware of all counterfeits.

AT THE GRAND THIS WEEK

The Kelly-Schuster Company will open a week's engagement Monday with entire change of program nightly. New Girls. New Music. New Vaudeville.

BIG SALE OF STOVES & RANGES

You are cordially invited to call and look through our Stove Department. GREAT CHURCH GATHERINGS SOON TO BE CONVENED

Various Denominations to Be Represented at Conferences During the Coming Month.

New York, Sept. 20.—Several unusually important church conferences or conclaves will be held durinfi the coming month and in view of the vital questions to be discussed and decided at some of these gatherings their outcome is awaited with a great deal of interest in church circles throughout the country.

Bishop and clerical and lay deputies of the Protestant Episcopal church in the United States will gather in New York city on October 8, to the number of about eight hundred to attend the 43rd triennial general convention. It is 25 years since a general convention has been held in New York city and the leading clergymen and laymen of the diocese have made every effort to make the occasion notable in the annals of the church.

The completion of the new synod hall, at Amsterdam avenue and 110th street, will afford a magnificent meeting place for the house of deputies. The house of bishops sits separately from the house of deputies and will hold its sessions in old synod hall. The delegates will come from every part of the Unitel States and will represent the communicants of the Protestant Episcopal church in this country, of whom there are about 1,000,000. The convention will include 100 bishops and 600 deputies, 300 of whom are clerymen and 300 laymen.

One of the proposed changes in church law which will come up at the convention and which, it is expected, will be debated with great forcefulness by the advocates of both sides, will affect the representation in the convention, so that such representation in the convention shall be based on the number of communicants in any diocese instead of being the same for all regardless of the number of communicants.

Another matter which is expected to give rise to considerable discussion is the question of changing the name of the church. This matter has been agitated for a long time, but the views concerning the name to be substituted for the present designation of the church are widely divergent. A majority of those who are dissatised with the present name, seem to favor the name of American Catholic church. Another subject of considerable importance to be considered is the attitude of the church to marriage and divorce.

The second American Catholic missionary congress, under the auspices of the Catholic Church Extension society, which will open its session in Boston on October 19, is looked upon as one of the most important Catholic church gatherings held in this country for many years. Eighty bishops from different parts of the United States, Canada, Mexico and other countries, hundreds of minor members of the Catholic clergy and thousands of laymen will attend the gathering.

The Catholic missionary work of the world will be discussed at the coming congress and plans will be formulated for carrying on the work with even greater zeal than heretofore. The necessity for this is realized and appreciated by the entire Catholic clergy. Te hody see has appointed the Most Rev. John Bonzano, D. D., archbishop of Mitilene and apostolic delegate to the United States,, as his special pontifical delegate to this congress, a most signal tribute to the importance of the gathering.

The 74th annual session of the Rock River conference of the Methodist church will open at the Embury Methodist church at Freeport, Ill., on October 1. The Rock River conference is composed of 325 full members and eight probationers, and in addition to there there are 92 supply ministers serving within the bounds of the conference. The conference will close its session on October 6.

The National Council of the Congregational churches, which meets every three years, will hold one of its meetings next month at Kansas City. Names are already discussed for the position of moderator of the council. Among those are President Henry Churchill King of Oberlin college; D. Percy Jones, former mayor of Minneapolis, and Rev. Dr. Charles S. Mills of Montclair, successor of the late Armory H. Bradley as pastor of the First Congregational church of Philadelphia. President King of Oberlin college seems to have considerable support in the west and northwost. For the secretaryship there are also several possible condidates in the eld and a lively contest is expected. The office is important in view of the fact that the powers and duties connected with it are to be greatly enlarged. It is said to be probable that the national council will decide to meet every two years in the future.

NOTICE TO DEER HUNTERS

The Jerseyville Republican recently reprinted the following from the Prairie State of Jerseyville published Feb. 25, 1853.

The following notice appeared in the Jacksonville Journal a short time ago:

"I want my neighbors and friends—I hope I have no enemies—to refrain from tearing down my fences and running deer over my pastures and meadows and among my cattle.

They are especially requested not to shoot about my fields, both at my home farm and at my farms on Indian Creek.

If those who are unable to support themselves in any other way than by hunting, will give me 15 days' notice, I will kill beeves for them and supply them liberally.

Jacob Straun."

FOR THOSE WHO LOVE MUSIC.

The Illinois College Conservatory of Music is offering a special course in Music Appreciataion. This course is designed for individuals who lack the time for special study of either vocal or instrumental music. For further informataion apply to Director Kritch at the Conservatory.

CHURCH SERVICES.

Centenary M. E. Church—G. W. Flagge, pastor. Sunday school at 9:30 a. m., Albert C. Metcalf, superintendent. Sermon at 10:45 a. m. "Revival Power." Mr. and Mrs. J. B. Sears and baby of Waverly are spending today with Mr. and Mrs. J. A. Zeller of Alexander.

EDWARD F. GOLTRA MAY BE CANDIDATE FOR U. S. SENATE

St. Louis Paper Dubs Him Politician De Luxe—Is Urged to Make Fight To Succeed Senator Stone.

Edward F. Goltra, whom the St. Louis Globe terms "the politician de luxe," is being urged by his Missouri friends to make the race for the United States senatorship from Missouri to succeed Senator Stone. It now seems to be understood that Mr. Goltra is seriously considering the matter and that if he seeks the nomination all other candidates save Senator Stone will give way. The Globe said Saturday:

"Edward F. Goltra, Democratic national committeeman from Missouri and politician de luxe, is expected by his friends to announce within a few weeks his candidacy for the United States senate. He has been visited by several committees and also by individuals from St. Louis and throughout the state, and asked to run against William J. Stone for the Democratic nomination next year, when the senior senator from Missouri will be a candidate to succeed himself.

"Speaking to a reporter yesterday Goltra veried rumors that have been afloat for weeks that his friends are importuning him to seek the office, He discussed the possibilities of the office, the great honor which it meant, the time it would take from his business, and indicated strongly that he had given he subject of a strenous campaign much thought, although he declined to state what his decision will be on the requests made for him to run.

"The Sudden turn among the Democrats of Goltra's immediate following indicates clearly to politicians who have analyzed the subject that former Gov. D. R. Francis will not be a candidate against Stone.

One Would Not Fight Other.

"Goltra and Francis are extremely close and one would not run against the other.

"The so-called 'Major and I' crowd it is said have been doing some head scratching lately to settle on an opponent for Stone. Former Gov. Joseph W. Folk was considered, but has refused to commit himself as to whether he would run. Representative Charles M. Hay of Callaway county, the dry leader in the 47th general assembly, was flirted with, but Hay has anonunced he has quit politics and soon will enter a St. Louis law firm. So Goltra is left with virtually a clear field against Stone if he desires to run.

"'I think I have served the party politic long enough,' said Goltra, indicating that he has been leaned upon as the financial rod and staff until he has reached the conclusion he should have official recognition. 'I suppose oen would look upon a senatorship as about the highest honor the people could bestow,' he added. His tone suggested that of a school boy as he looks at a luscious apple pie.

Says He Gave No Answer.

"'It is true that several committees have been in to see me and have asked me to run,' he said, 'and also several politicians from out in the state. I do not know their sincerity and I gave them no answer.'

"St. Louisans who have been in Washington say that the rumors of Goltra's proposed candidacy have reached there.

"Those who are attempting to have Goltra step into the limelight are referring with pride to the part he recently played in the settlement of the state fire insurance muddle. After several ineffectual attempts to get the state and company officials together, Goltra is said to have taken his private car to New York and placed it at the disposal of the insurance men. Soon after the fight was a closed incident.

"It has not been learned definitely whether Folk has been placed in a pocket for keeps by his appointment in Washington. He has intimated to close friends that he may return and run against Stone and it also has been hinted Supreme Judge Waller W. Graves may get in the race."

CONSERVATORY NOTES.

The Illinois College chorus will hold its first meeting on Monday evening, October 6th, at seven. Application for membership may be made to Mr, Krtch or Mr. Munger.

Mrs. Robert Cockrell, of Alton, Ill., who at one time filled the position of secretary to Mrs. Wilson, and also studied voice with her, is visiting Mrs. Wilson at her home on Grove street.

The following notice appears in "The Musical Leader" of September 11th, concerning Mrs. Wilson. "Genevieve Clark Wilson has left Beliot, Wis., where her personality and ability made her many friends. Her future work will be at the Illinois College Conservatory in Jacksonville, Ill. Mrs. Wilson's departure from Beliot was signalized by laudatory notices in the press concerning the place she made for herself there.

AUTOMOBILE NOTES.

"No game; rain."

MINERS HAVE FIELD DAY.

Knoxville, Tenn., Sept. 20.—Nerly twenty thousand miners from Tennessee, Kentucky, Alabama, Virginia and West Virginia gathered here today for their annual "Field Day," under theauspices of the Tennessee Mine Foremen's association, the United States department of mines and the American Red Cross society. For the purpose of demonstrating to the assembel miners the explosive character of coal dust the government had its experimental steel test tube, which is used at the Pittsburgh experiment station, brought there and set up. In addition to the domenstration there were contests between various teams of miners in rescue work, rst aid, etc. Many handsome prizes were awarded to the winners.

WOMAN'S COLLEGE NOTES.

The sixty-eighth year of Illinois Woman's college has begun most auspiciously. This year sees the largest attendance in the college departments that has ever been reached in any previous year. Some large classes have resulted. The freshman English class has a total enrollment of over 90, making it necessary to divide this class into three sections. The enrollment in the Academy shows a falling off, but this falling off is far more than compensated by the increase in college enrollment. Over 200 have enrolled in the college departments, while over 300 have enrolled in all departments. Eight of the 1913 graduates from the Jacksonville High school have enrolled in regular college departments.

The enrollment in the College of Music is greater than in any previous year of the school. The gain is principally in the voice department. Arrangements have been perfected whereby a number of beginning violin pupils may be taken at the preparatory rate. Miss Helen Harrison, who will graduate next June in violin and who is an advanced pupil of Director Swarthout, has been engaged to take care of this work. Already a number of beginners in violin have enrolled.

The Faelten class will take up its work the first Saturday in October. It will be in charge of Miss Lulu Hay, and offers special advantages to beginners in piano. For information about this course call Director Swarthout or Miss Lulu Hay. All the other deparments are registered up to their maximum capacity.

The chapel exercises on Wednesday morning were especially interesting, and a large number of friends were present.

The first social event of the year was a reception given by Miss Johnston, officer of the senior class, and Miss Mary Anderson, officer of the junior class, to the members of these two classes. The reception was held Friday afternoon on the lawn and was a most pleasant beginning of the year's associations. The next event was the reception of the Young Woman's Christian association to the new students. This took place Saturday night in the reception room of the college and was thoroughly enjoyed by those present.

The Athletic association has already begun work and have started the tennis contests. The Archery club has been doing considerable practice, and this will soon be followed by the baseball work.

The new members of the faculty are proving to be very efficient and all are determined to make this the best year that the college has ever had.

WOMEN AVOID SOCIETY.

They are reluctant to make the least effort when suffering from dizziness, backache, headache, nervousness, the blues, that bearing down pain or displacement. Yet they would like to be well. Why continue to suffer when thousands of American women are living testimonials for what Lydia E. Pinkham's Vegetable Compound has accomplished in overcoming all such troubles and restoring glorious health? (adv.)

CLEANSES YOUR HAIR MAKES IT BEAUTIFUL

It Becomes Thick, Wavy Lustrous and All Dandruff Disappears—Hair Stops Coming Out.

Surely try a "Danderine Hair Clense" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff, invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed. (adv.)

LATEST NEWS FROM THE FIELD OF SPORTS

SOME CHANGES IN FOOTBALL RULES

ALTERATIONS DO NOT VITALLY AFFECT THE PLAY.

Shifting of Line Men Into Back Field More Clearly Defined—Substitution of Players Important Change—Spectators Acquainted With Game Will Not Be Confused by Modifications.

For the first time since 1906, the year in which sweeping changes were made in the football rules, the year in which the game was so materially changed by the introduction of the forward pass, players and coaches are taking up the sport this fall confronted by no changes of vital importance. Players, coaches and spectators who understood the game last fall will not be required to learn the game anew as has been necessary during each of the past six years. This fact should enable players and coaches to produce a better class of playing and it should enable spectators to understand the game more thoroughly and to appreciate more fully the improved playing.

As stated above the changes in the rules for the season of 1913 do not vitally affect the play. In one or two cases where the official having jurisdiction over play was not specified, this omission has been corrected.

Shifting of Men.

The rule governing the shifting of line men into the back field for purposes of defense or carrying the ball on offense, has been more clearly stated, thus removing a difficulty of interpretation which was experienced last season. Also the rule relating to a kick or a forward pass from behind the goal line has been stated more definitely and this change will abolish considerable uncertainty and confusion.

Feint Play Stopped.

Under the 1912 rules the player who was making a punt-out, sometimes made a deliberate feint to draw his opponents across the restraining line, then, before they could return to their proper positions, punt the ball to his teammates, thus avoiding any possible interference from his opponents. The 1913 rules specify that if such a deliberate attempt is made to draw the opponents off side, the kicker must wait until his opponents return to their position. Also, if the player making the punt-out should approach nearer his goal than the restraining line permits, then he must make the kick again from a point five yards farther out from the nearest goal post.

Relic Is Retained.

Years ago it was the practice with some teams to have the center put the bal lin play by pushingn it with the foot or kicking it back to the quarterback. In late years this method has been seldom, if ever, used. Nevertheless, this relic of by-gone days has been retained in the rule: "Snapping the ball is putting it back from its position on the ground with one quick and continuous motion of the hand or hands or of the foot." The new rules cut out the words "or of the foot," thus pruning dead timber.

Rule of Forward Pass.

A rule which caused much confusion and friction last year was this one relating to the forward pass: "No player of the side which did not put the ball in play (defensive side) shall in any manner interfere with an opponent who has crossed the line of scrimmage until the ball has been touched, except in an actual attempt to catch the ball himself." It is often difficult for the defensive team to determine whether the opposing team, when it starts a play, is attempting to pass, a kick, or a run. Under the above rule if the offensive team should start to run with the ball and the defensive players should block some one who had crossed the line of scrimmage only to nd that they had blocked a man who was to receive a pass which had been made to him by a player on the run, then the defensive player was liable to a penalty for such interference. Under the new rule interference with a player by the defensive team is permitted until the pass is actually made, though even under this rule it will often be difficult to determine whether interference was made before or after the pass was made.

Illinois was Right.

Last year the Illinois team pulled off an unsual play by having the center snap the bal to himself and run with it. One official permitted the play and another refused to allow it, ruling that the play was a violation of the spirit of the rule if not of the letter. Tha tthere was good foundation for the play is shown by the fact that this year the rule has been changed to prohibit the snapper back from carrying the ball.

Two Changes Noteworthy.

There are two changes, however, which are more noteworthy than the ones just mentioned. One of them affects the play. Last season's rules required that all kicks should be made from a point at least five yards behind the scrimmage line. The new rules permit the kicks to be made at any distance behind the line. This change will likely bring back some of the old quick kicks from close or regular formation, which were common a few years ago. It will also likely bring back the on-side kick into more general use because it can be more easily executed under the new rules.

Substitution of Players.

The last change affects the substitution of players. Last year a player could be substituted at any time, but the player removed from the game could again return to play only at the beginning of a quarter. The change in this rule permits a player who has been taken out to return to the game once, either at the beginning of a subsequent period, or at any time during the fourth period. This will enable coaches to conserve the energy of their players without taking big chances of weakening their teams beyond the limit of remedy.

BROOKLYN AND PIRATES SPLIT DOUBLE HEADER

Pittsburgh, Sept. 20.—After winning the first game from Brooklyn, 1 to 0, Pittsburgh lost the second by a score of 4 to 3. The lone run in the first game was made in the eighth inning. In the second game Pittsburgh tied the score in the fourth inning, but Brooklyn annexed a fourth in the seventh, Pittsburgh failing to put another man over. Score:

First game—		R.	H.	E.
Brooklyn	.000 000 000	0	4	2
Pittsburgh	..000 000 01*	1	6	1

Batteries—Allen and Fischer; Robinson and Simon.

Second game—		R.	H.	E.
Brooklyn	...003 000 100	4	12	0
Pittsburgh	..100 200 000	3	6	2

Batteries—Brown, Ragon and Fischer; Duffy, Cooper and Gibson, Kelly.

SENATORS OVERTAKE NAPS.

Washington, Sept. 20.—By winning today while Cleveland was losing, Washington brought about a tie for second place in the American league, each club has won 82 and lost 61 games and has a percentage of .573. The teams have been batling for the position for the greater part of the season. Washington closed its last week by taking five straight from Cleveland. Score:

		R:	H.	E.
St. Louis	...000 003 000	3	9	1
Washington	.200 001 30*	6	13	1

Batteries — Baumgartner and Crossin, Agnew; Engel, Johnson and Henry, Ainsmith.

YANKS TROUNCE NAPS 7 TO 3.

New York, Sept. 20.—New York had little trouble in defeating Cleveland in the first game of the series here today, the score being 7 to 3. New York clinched the victory in the first inning, scoring all its seven runs off Gregg before he was taken out. Score:

		R.	H.	E.
Cleveland	...100 000 011	3	7	3
New York	..700 000 00*	7	10	1

Batteries—Gregg, Blanding and O'Neil, Kruger; Caldwell and Gossett.

DECATUR HIGH, 75; CLINTON, 0.

Decatur, Ill., Sept. 20.—In the highest football score ever made between the two schools, Decatur high school today overwhelmed Clinton high school, 75 to 0.

ATHLETICS COP VIA BARRY'S TIMELY SWAT

PHILADELPHIA DEFEATS DETROIT BY 4 TO 2 SCORE.

Two Bagger by Athletics' Shortstop With Two Out and a Full House in the Eighth Sacks Contest for Philadelphia.

Philadelphia, Sept. 20.—A two bagger by Barry with the bases filled and two out in the eighth inning enabled Philadelphia to defeat Detroit today 4 to 2.

The Athletics and the Detroits play two games on Monday. If the league leaders win both they will cinch the pennant. The score:

Detroit.	AB.	R.	H.	O.	A.	E.

WILL PROHIBIT SALE OF ACID GOLF BALLS IN CHICAGO

Ordinance Being Prepared to Protect the Curious Who Persist in Cutting the Dangerous Balls.

Chicago, Sept. 20.—Sale of explosive golf balls containing acid will be prohibited here, according to an ordinance prepared by Alderman Nance, chairman of the health committee. Several recent victims of their curiosity who have lost one or both eyes by spurts of acid after cutting into the dangerous balls aroused Dr. Nance to action. Dr. Nance said that a few weeks ago he removed one of the eyes of a young girl who had been watching her fiance whittle a golf ball.

The most recent victim here is the janitor of the golf shelter at the municipal links in Jackson park. He passed behind a golf who cutting ting into a ball. He is likely to lose both eyes.

Meanwhile Dr. Nance has issued a warning against cutting or whittling any golf balls.

NEWS FORECAST FOR THE COMING WEEK.

Washington, Sept. 20.—Mine operators, mining engineers and mine surgeons from all parts of the country will gather at Pittsburgh, Pa., Monday to listen to methods for reducing the death toll in mines and quarries.

The Internatiaonal Congress of Home Educataion, consisting of delegates representing nearly every state of the union, Canada, France, Germany, Holland and Belgium, will open its session at Philadelphia on Monday and will continue to the end of the month. Many distinguished educators will be in attendance.

On the same day the 29th annual session of the Trades and Labor congress of Canada will be called to order in Montreal, to consider many vital questions concerning labor laws, strikes, and widows' pensions.

On Tuesday the public drawing in connection with the opening of the 1,000,000 acre tract of Indian lands in Montana, to public settlement, will be held at Glasgow, Mont.

Six nations will compete in the international aviation meet which will open at Betheny, near Rheims, next Saturday.

ROMAN PATRIOTS CELEBRATE.

Rome, Sept. 20.—In honor of the 43rd anniversary of the entry of the Italian troops into Rome and of the fall of the tempiral power of the papacy commemorative exercises were held by patroitic societies at the monuments of Victor Emmanuel, Garibaldi, Cavour and other distinguished men who took active part in the struggle for Italy's independence. The day was generaly observed as a holiday.

CHICKAMAUGA SURVIVORS MEET

Chattanooga, Tenn., Sept. 20.—The survivors of the battle of Chickamauga held a well attended reunion today at the monument of the second brigade, third division of the fourteenth corps, on the Lafayette road. Adam Frost, president of the association of the survivors, welcomed the comrades and delivered his annual address.

YOUTHFUL AMATUER WINS CHAMPIONSHIP

FRANCIS OUIMET CAPTURES NATIONAL TITLE.

Boy Succeeds in Battling His Way Through Large Field of Entrants and Out-plays and Out-nerves Vardon and Ray, the English Experts.

Brookline, Mass., Sept. 20.—Another name was added to America's list of victors in international sport here today, when Francis Ouimet, a youthful local amateur, won the nineteenth open championship tournament of the United States Golf association.

The winning of this national title was lifted to an international plane due to the sensational circumstances of the play and the calibre of the entrants whom Ouimet defeated during his four day's march to victory. Safely berthed in his qualifying round, the boy trailed the leaders in their first half of the championship round; tied with Harry Vardon and Edward Ray, the famous English professionals, for first place in the final round; then completely outplayed them today in the eighteen-hole extra round necessary to decide the 1913 championship.

Ouimet won with a score of 72 strokes, two under par for one of the hardest courses in the country. Vardon finished five strokes behind Ouimet with 77; Ray took third place with 78.

It was not the actual defeat of this famous pair of golfs, so much as the manner of their defeat that entitles Ouimet's name to rank with that of Maurice E. McLoughlin, champion in tennis and Harry Payne Whitney, leader in polo. Ouimet not only out-played and out-nerved Vardon and Ray, wonderful in itself—but succeeded in battling his way through the largest and most remarkable field of entrants that ever played for an American title.

When today Ouimet accomplished the first 16 holes in 65 strokes and made the seventeenth in a wonderful three, his opponents broke under the strain, leaving Ouimet to finish as cooly as he started.

Ouimet did not get into the lead until the turn for the home holes. All three made the half way mark in even 38. But after that Ouimet was never headed.

When the final stroke that clinched the victory was made, enthusiasts siezed the victor, lifted him to their shoulders and, escorted by thousands of cheering followers of the games, started for the club house.

Among those who struggled to Ouimet's side was a little plainly dressed woman whose hair was streaked with gray. She was buffetted first one way, then another, in the crush, but persevering, she finally stood almost directly under the champion as the throng swirled and eddied about his supporters. With hat pushed back and with shining eyes, she looked up and called the one word, "Francis."

Ouimet glanced down and catching sight of the little woman below him, tore his hands from those of his admirers and reaching down, grasped her hands uplifted. What she said was lost in the cheering, but those near heard young Ouimet say:

"Thank you, mother; I'll be home soon."

The crowd, most of them unconscious of the incident, swept Ouimet onward, while his mother slipped to the outskirts and hurried away across the field to her home just across the street.

At the club house Secretary Reed in a brief speech presented the championship medal to Ouimet and cash prizes to Vardon and Ray.

Ray said that Ouimet had played the best golf during the four-day struggle that he had ever seen in America and that it had been on honor toplay with and no dishonor to lose to him.

Vardon brought cheers when he frankly stated that they had never had a chance to win with Ouimet during the play off, because the lad played better golf and never gave them an opening. He congratulated Ouimet and on the victory.

A resume of the play shows, that while Ouimet was frequently outdriven with iron and wood, his game was far steadier and more consistent that that of either Ray or Vardon. Ouimet played line shots all during the match, his direction being little short of remarkable, considering the soft, muddy condition of the turf. In putting, too, he was steadier and more accurate than either Ray or Vardon.

HUGGINS SIGNS CONTRACT

St. Louis, Sept. 20.—Miller Huggins, manager of the St. Louis Nationals, today signed the contract to manage the team next year.

TERRIERS HAVE THEIR DAY.

Chicago, Sept. 20.—The fourth annual show of the Western Aaydale Terrier club was held here today at the Bismarck garden. The number of entries is unusually large and the qualjty of the dogs exhibited shows a decided improvement over last year.

WATER PIPE BREAKS.

A water pipe on the second floor of the Dunlap Hotel broke Saturday afternoon, causing quite a little water to run into the check room, just back of the clerk's desk.

A STRONG REFERENCE.

A young man recently applied for a position with a large printing house, and not having a letter of reference, offered his bank book. It showed a regularity of entries of deposit. It was a very strong recommendation, indicating character and persistency, which finally secured for him a good position.

THE WORLD'S LATEST FINANCIAL MARKET NEWS

BEAR TRADERS CONTROL THE STOCK MARKET

BRING ABOUT CONTINUATION OF THE DECLINE.

In Spite of Comparative Readiness With Which the Market Responded to Selling Pressure the Bears do Not Press Their Advantage.

(By Associated Press)

New York, Sept. 20.—Bear traders took the stock market in hand at the beginning of business today and succeeded in bringing about a continuation of the decline. Union Pacific which was again susceptible to pressure, was forced down a point and others of the active features receded nearly as much. Rock Island common and preferred shares touched new low figures for their present decline.

In spite of the comparative readiness with which the market responded to selling pressure, the bears did not press their advantage. The steady demand for stocks at the lower level was not to their liking, efforts to get back stocks sold caused an upturn and prices gradually recovered the ground lost.

Trading was of a listless character throughout the session. The showing by the banks on the week of an actual cash gain of nearly $3,500,000 was closely in line with forecasts. Shifting of the burden of loans was reflected in a loan decrease of nearly $10,000,000 and over $5,000,000 was added to the surplus which was nearly doubled.

WHEAT PRICES SUFFER A BREAK

MORE THAN MILLION BUSHELS ARE THROWN ON MARKET.

Firmness of Cables Tend to Sustain Wheat Market Until Selling Becomes Aggressive—When Wheat Declines, Corn Prices Flatten Out.

(By Associated Press)

Chicago, Sept. 20.—More than a million bushels of wheat suddenly thrown on the market in the last hour today by a few leading houses made prices suffer a decided break. Prospect of a large increase in the visible supply to total Monday said to have had considerable to do with the selling. The close was weak, ¾ to 1c under last night. Piling up of wheat stocks northwest cut a figure in preparing the way for the set-back in wheat.

Firmness of cables tended to sustain the wheat market until selling became aggressive. More rains favoring seen operations in the winter crop belt, however, acted as a check on the bulls.

When wheat declined, corn prices flattened out. Previously the market had shown strength owing to wet weather which was expected to delay farmers' deliveries. There was reason though to believe that the elevator companies have been making contract on a very large scale of late. Early firmness of oats gave way to the general weakness of other grain. Many week-end longs sold out.

Provisions after holding steady most of the day showed moderate depression. The chief reason seemed to be that pit traders on the bull side preferred to let go of holdings rather than carry the property over to next week.

CHICAGO LIVESTOCK MARKET.

Chicago, Sept. 20.—Close—Hogs: Receipts, 10,000; market steady to 5c higher. Pigs, 25@50c lower. Bulk of sales, $8.10@8.70; light, $8.40@9.15; mied, $7.85@9.15; heavy, $7.75@9.00; rough, $7.75@7.95; pigs, $3.75@8.00.

MI-O-NA FIRST AID TO SICK STOMACHS

Distress after eating, belching of gas and undigested food, that lump of lead feeling in the stomach, headache, biliousness and lack of energy, are warning signals. Now—at once—is the time to take precaution and stop this distress.

Mi-o-na Stomach Tablets is the remedy. Get a fifty cent box today. Their action is safe, effective and immediate. Besides surely and quickly stopping the distress, Mi-o-na soothes the irritated walls of the stomach and strengthens the gastric glands so that they pour out their daily supply of digestive materials, causing prompt digestion and assimilation of the food. Then the entire system is properly nourished.

Mi-o-na is not an experiment. It is not a cure-all. It is a scentific remedy recommended for but one thing—out-of-order stomachs. Always have Mi-o-na handy at home or traveling.

Mi-o-na is always sold on the money back if not benefited plan. Druggists everywhere. Adv.

TWO MEN AWAIT EXECUTION FOR COMPLICITY IN MURDER

Cantrells in Death Cell at Gainesville, Ga.—History of Brutal Crime Is Told.

Gainesville, Ga., Sept. 20.—James Cantrell and his younger brother, Bartow Canrte,ll, are occupying the "death cell" in the Gainesville jail and, unless some unforeseen and unexpected contingencies should arise that would cause the governor of the state to interfere with the execution of the sentence, the two prisoners will be executed by hanging a week from yesterday.. The two Cantrells were tried several months ago and after having been found guilty of the murder of Arthur Hawkins, were sentenced to be hanged on September 26. Mrs. Sylvia Hawkins, the widow of the victim of the crime, who was tried for complicity in the crime, is now serving a life sentence for her share in the brutal murder.

The history of the crime which, at the time, created a great sensation and tremendous indignation throughout the state, clearly reflects the passionate and wanton nature of the woman in the case and the power which she exercised over James Cantrell, her lover, and Bartow, the younger brother of James, who seemed to be equally devoted to the woman.

Arthur Hawkins, his wife and their four children lived in Gainesville, but in March of this year removed to a farm near Belton. Their neighbors were James Cantrell, a widower with two children, his mother and sisters and Bartow Cantrell, a young man of 16 or 17 years. Soon after the Hawkins family came into the neighobrhood James Cantrell contracted t he mumps and Mrs. Hawkins went to his house to see him.

Cantrell and Mrs. Hawkins became infatuated one with the other almost at the first meeting and, it appeared from the evidence at the trial, within two weeks after their first meeting they were seen to kiss each other. They saw each other nearly every day and numerous letters passed between them, letters in which she called him her "sweet boy," told him she loved him and had no pleasure except in his company, that she thought more of him than any other man in the world, and that she would rather give up her baby than him.

In her letters she suggested to Cantrell that he kill "Arthur" and put his body on the railroad track. She said that in the event of his death they would get a lot of money and would be able to marry. In another letter Mrs. Hawkins said she could go with Cantrell and they would follow Arthur to some secluded place, where they could kill him and nobody would ever know of it. Then she would live with him and take care of his children.

Mrs. Hawkins,according to the testimony, purchased some shells from a hardware store in Lulu, and with Cantrell's aid unloaded the shot, melted them into a slug, and together loaded the gun with which Hawkins was killed. The murder itself was commmitted by young Bartow Cantrell, who seemed to be the willing slave of Mrs. Hawkins. Armed with a pistol and shotgun, Bartow Cantrell stationed himself behind a barn and when Hawkins passed by, fired the slug into him, causing his instant death.

The evidence further showed that James Cantrell, at the instance of Mrs. Hawkins, had tried to buy strychine in a aGinesville drug store with which to poison her husband, but the druggist refused to sell the poison.

While Mrs. Hawkins and the two Cantrells were prisoners in the Lull county jail a note was passed by Mrs. Hawkins to James, in which she said she would "stick to them" and that they would never hang if they would "stick to her"; that while they were in trouble and might be sentenced, they would never be hanged. This was before the case came to trial.

At the trial both James and his brother turned state's evidence against Mrs. Hawkins, and their mother and their sisters corroborated their testimony which showed that Mrs. Hawkins had been the real instigator of the crime. In her own defense Mrs. Hawkins declared that she had nothing to do with the murder and that the Cantrells killed her husband because he had threatened to report them for making moonshine whisky. The jury recommended mercy in her case.

After her conviction Mrs. Hawkins wanted to take her youngest child, about three years of age, to prison with her, but the state prison commission would not permit this. Mrs. Hawkins is a handsome woman of about 30 years and had borne a good reputation up to the time of her infatuation for James Cantrell.

LOUISBURG, C. B., 200 YEARS OLD

Louisburg, Cape Breton, Sept. 20.—The 200th anniversary of the founding by the French of the military post of Louisburg was celebrated here today with a magnicent historicad pageant and publiv exercises in which Premier Borden, Premier Murray, Sir George Gaqueau, Sir Charles Townsend and many other distinguished me ntook part.

SOLD PROPERTY.

Yesterday afternoon Capt. Jno. E. Wright at the south door of the court house sold two houses known at 917 and 919 South Clay avenue; lot 90 by 292; one house contained 11 rooms with basement and one contains eight rooms with basement, sewer, furnace and gas. William Naylor was the purchaser for $2,350 for both. The property was owned by L. L. Ticknor.

ENTERTAINS EMBROIDERY CLUB

Miss Ada Council entertained members of an embroidery club at her home, 506 South East street. Light refreshments were served by Mrs. Council. Those present were: Louise Stevens, Margaret Hunter, Lucille Hunter, Emma Butler, Florence Haneline, Mildred Mikesell, Lucille Rigg, Helen Tendick and Grace Reilly.

PISGAH.

James Wood atended the fair at Petersburg last week.

Mrs. J. V. Swesey spent Tuesday at Keyesport.

R. B. Fulks of Beardstown was a visitor here last Saturday.

Mrs. E. K. Stevenson was in Jacksonville Tuesday.

Among the Pisgah people who were in Jacksonville last Tuesday and attended the show were Messrs. Frank Wiggenjoost, F. R. Cravens, Alle nand Riley Spaenhower, John Demoss, Charles Waters, George Cline, Covie Thurston, Ed Demoss, M. Simpkins, A. W. Kroush, Will Sparks, Walter Witham, T. O. Bell, Taban Thurston, W. H. Masters, Ernest Wood, William Witham, Leslie Cline, Henry Baker, Fred and Sam Twyford, Jack Reynolds and Albert Curry.

Born, to Mr. and Mrs. C. C. Thurston, Tuesday, September 16, a daughter.

J. B. Beekman spent several days last week in Jacksonville.

Mrs. M. Simpkins and son spent Thursday in Waverly.

Arthur Livesey is spending the week with relatives at Keyesport.

Ezra Scott of Jacksonville was a visitor in Pisgah Wednesday.

Representatives of Union Sunday schol to the association at Literberry last week were Iven Wood, Miss Elizabeth Wood, Charles Wood, Mr. and Mrs. A. A. Curry and Mr. and Mrs. G. S. Beekman.

Charles Wood spent Monday in Jacksonville.

Mr. and Mrs. C. R. Caldwell and daughter, Irene, and Mr. and Mrs. Earle Krear and daughter, Imogene, attended the show at Jacksonville Tuesday.

Dance Mon. eve. Sept. 22, Nichols park. 10 piece orchestra. O Spaulding

ODD FELLOWS TO HOLD STATE MEETING IN SPRINGFIELD.

Preparations Already Under Way For Great Gathering at Capital in November—Decorations to be Feature.

Springfield Odd Fellows are making extensive plans already for the State Odd Fellows encampment which will be held there beginning Nov. 17. The fact that last year the state meeting was held in Peoria has tended to make the Springfield men the more active this year in their preparations. They want to show the delegates such a royal welcome that there will be no question of getting the big gathtering for the following year.

Talking about the preparations the Springfield Jouranl yesterday said:

"Prodigal Odd Fellows and Rebekahs of Illinois will receive a great welcome when they return to Springfield the week of November 17.

A year's absence of one of the best conventions held here has made the city's heart grow fonder and at a meeting held last night in the office of Grand Secretary John H. Sikes of the Odd Fellows the committee enthusiastically made plans. One great incentive to a good entertainment program is the warning that Peoria having had one meeting is again to bid for the honor.

"The Forty-seventh general assembly resolution which forbade the removal of desks in the state house, having died a natural death, satisfactory meeting places are assured. The grand encampment will meet in the senate chamber, the grand lodge in Representatives' hall and the Rebekahs at First Christian church.

"Especial attention will be paid to the decorations this year about the city. As much as possible of the permanent material used on the streets during the state fair will be saved for bedecking the city while the lodgemen are here. Business men will be asked to co-operate in the adornment.

"E. R. Saylor, past grand master of the Illinois lodge, was elected president of the general committee and Grand Secretary John H. Sikes was chosen secretary. Other committees selected from members of local lodges were:"

RETURNS FROM CHATTANOOGA

Lycurgus Goheen returned Saturday morning fron. Cattanooga, Tenn. where he attended the annual encampment of the Grand Army of the Republic. Mr. Goheen reported that the veterans were royally entertained by the southern people and that he heard Rev. Mr. Harmel, who is known to a large number of Jacksonville people, addressed one of the camp fire meetings. Rev. Mr. Harmel was an aide de camp in General Lee's staff during the war.

Robert Mawson, who also attended the encampment, went to Nashville ville to visit his son and L. R. Penfield is expected to return home today.

IF HEADACHY, DIZZY BILIOUS, CASCARETS"

Your Liver Is Full of Bile; Bowels Clogged, Stomach Sour, Tongue Coated, Breath Bad.

Get a 10 cent box now.

You're bilious. You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill tempered. Your system is full of bile not properly passed off, and what you need is a cloaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10 cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken. (adv.)

SPENT FIVE MILLIONS IN ONLY EIGHT YEARS

Mrs. Howard Gould Classed Among Country's Big Spenders—Formerly Lived at Pittsfield.

In a recent article on "The Great Spenders in America" the St. Louis Globe lists in this class Pierre Lorilard, Charles G. Gates, Cornelius Kingsley, Garrison Billings, Halsey Corwin, James P. Brady, Mrs. Gust Heye, Clara Anita Baldwin, daughter of Lucky Baldwin, and Mrs. Howard Gould. The last mentioned, before her marriage to the railway magnate, was Miss Katherine Clemmons and her home was in Pittsfield. It will be remembered that only a few years since Mrs. Gould's father died here at Jacksonville State hospital.

Concerning Mrs. Gould's spending proclivities the Globe writer said:

"Mrs. Howard Gould is credited with having spent $5,000,000 in eight years. She used to be an actress, and on the stage was known as Katherine Clemmons. Now she and Mr. Gould are divorced. Everything she fancied she purchased. She had a great love for clothes. When she went into a store or a dressmaker's parlor, it meant either a feast or a famine. If things pleased her, she ordered anything and everything she wanted, regardless of price. If things displeased her, she went out and never gave her patronage to that establishment again. She built one of the most remarkable houses in America. It was fashioned after a famous Irish castle and she selected the ground out on Long Island, with a particular idea of fitting it to the castle she wanted to build. The castle cost nearly twice as much as it should. This was owing to differences she had with the various persons cocerned in its construction. She had one of the most magnificent yachts flying the American flag and when she went to sea the bills were about $2,000 a day. She had scores of servants and enough carriages and automobiles almost to transport a regiment. With all her wealth she used to get tired and dissatisfied. At such times it was her custom to visit one of her old friends who lived in a modest old fashioned home in Manhattan and whose expenditures did not exceed $2,500 a year. The woman who had millions to spend confessed on more than one occasion that she would gladly give up everything she had in the world in the way of wealth if she could ksow the peace and contentment and the real happiness that was in that modest home."

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dresed herself and walked out for breakfast." Sold by L. P. Allcott druggist.—Adv.

INVESTIGATIONS OF WATER RESOURCES.

The water-resources branch of the United States Geological Survey maintains one gaging station in Illinois, on Wabash River at Mount Carmel. This station was established for the purpose of determining the flow of the river and is maintained in co-operataion with the United States Weather Bureau. The height or stage of the river is determined each day by a local observer and measurements of the discharge of the streams are made by engineers of the Survey when feasible. From these data the quantity of water flowing past the station is determined.

The investgations of surface water carried on by the United States Geological Survep in Illinois are being made under the direction of A.H. Horton, district engineer. Mr. Horton's office at Newport, Kentucky, has been temporarily discontinued and he is carrying on his work from Washington, D. C. Information relating to the flow of streams in the state can be obtained by application to the director, United States Geological Survey, Washington, D. C.

TAILOR MADE

As used in reference to clothes are words much misused. Very few people understand what constitutes tailor made or made to measure clothes.

Some have a vague idea gathered from personal experience; others think it something different, but know not what.

The tailor who takes your measure, cuts the garment and makes or superintends the making of the garment is an artist in his craft. As an artist he takes into consideration your form and build as compared with a perfect figure.

If you are tall and thin or short and stout he knows how to cut and drape your garment so as to give you as near as possible a regular appearance.

Of all the advantages in having your clothes tailored to your individual measure this one of building up or reducing your appearance stands out foremost in the well dressed man or woman.

Competition for position in the business or social world today is so keen that no man or woman can afford to neglect his or her appearance. Clothes make up the largest percent of your appearance. People who are careless regarding their appearance and clothes are very apt to be careless with their work or other duties.

Last week we told you that it cost no more to have your clothes tailor made to your individual measure and form than if bought ready made. Many have come in to investigate and left their order, some of whom never had a tailor made suit before. We will appreciate an early call from every lady or gentleman who wishes to dress correctly.

WATER DEPARTMENT NOW USING STAND PIPE

Will Furnish Pressure Needed For Some West Side Residences—Part of Supply Now Coming From Old Source While Repairs Are in Progress at Wells.

The city is now pumping water from the old source of supply into the stand-pipe near the city reservoir. Commissioner Brennan had pumping started early Saturday afternoon when he obtained permission from J. A. Bellatti to use the stand-pipe. This will settle the question of pressure in the water supply at Illinois college and at various residences in that locality where there has been a good deal of trouble during recent weeks. In talking about the change and results, Commissioner Brennan said Saturday: "We have been waiting for the sale of the water company property which took place Saturday in order to secure authority for using the stand-pipe. Mr. Bellatti bought the entire property at master in chancery sale Saturday for the lien holders and I secured permission from Mr. Bellatti to use the stand-pipe. It was rusting badly and we have agreed to paint it inside and out and the pipe will be better in use than not.

Pumping Into Stand-pipe.

"For the present the reservoir is cut off from the city mains and we are pumping into the stand-pipe which holds sixty thousand gallons. When this is full the overflow will go into the reservoir and raise it. For some weeks the pressure at houses in the vicinity of the reservoir has not been satisfactory but on account of the conditions we were not in position to increase the supply at the reservoir or to use the stand-pipe. Even with authority to use the stand-pipe I would have been afraid to pump with the equipment at the Widenham & Daub wells against the pressure head of the stand-pipe for fear of the damage to the pumps which might result.

"Saturday, however, a plunger was lost in well No. 5 at the Widenham & Daub property and we were compelled to stop pumping from it. The other wells, however, are in operation and it will take possibly 4 or 5 days to get number 5 into working condition again. Meanwhile the recent rains have increased our storage supply to such an extent that we could again use the pumping station and it is from that source we are getting the supply which we are now pumping into the stand-pipe. I do not believe the consumers will find the mixed supply unsatisfactory because we are pumping water which has been in the dam for some days and has settled until it is clear. After the trouble with well No. 5 is remedied it will be the intention to get the whole supply again from the wells, although it is the purpose to pump enough from the regular station to keep the stand-pipe filled for the benefit of the college and residents of that locality.

Own Power Ready Soon.

"Within a very short time the city will be in a position to furnish its own power for pumping from the Widenham & Daub wells, because the valves for which we have been waiting have been received. It is true, however, that we have not yet run a power line from the plant, out to the wells. We have had some negotiations with the railway and light company about the purchase of their line which runs to the wells and the other equipment there which they own, but thus far we have not been able to come to any satisfactory terms. We have been pumping from the wells for about six weeks now and without any lessening of the flow so far as I am able to judge. It is true that since we have begun pumping we have raised the supply in the reservoir only about 20 inches but it is also true that during that period we have supplied consumers who have not been in the habit of getting their supplies from us except in emergency times. The reservoir at the deaf and dumb is full now and the same is true of the reservoir at the Jacksonville State hospital and all of this water came from the wells. If the city had another pump installed at the Widenham and Daub property and had, say two more wells, I believe that we could obtain our entire supply there and have sufficient water and equipment for emergency demands."

SINCLAIR VISITORS

The following were among the Sinclair visitors in tht city yesterday: Edgar Cully, Jacob Strawn Jr., Daniel Ward, J. M. Crowder, M. Jumper, Albert Hopper, Mr. and Mrs. Hazel Means, L. B. Trotter and Amos Swain.

ILLINOIS COLLEGE NOTES.

Registration days at Illinois College will occur on Monday and Tuesday September 22nd and 23rd. Conservatory and Art students will register at Academy Hall.

The first chapel exercises of the year will be held on Wednesday morning at nine o'clock. Mrs. Genevieve Clark Wilson, the new vocal teacher at the conservatory, will sing a solo at the opening exercises. All friends of the college are cordially invited.

Ellis Spray, manager of the student book store, returned to the city Friday.

Professor J. G. Ames and family returned from Old Mission Friday night. Dr. and Mrs. R. H. Tanner and family returned from their vacation last Tuesday. Among the other members of the faculty who have returned are Professors P. F. Whisler, of the department of mathematics and F. E. Kempton of the department of biology.

Miss Elizabeth Undritz, the new professor in French and German, has taken rooms at Academy hall.

Coach Harmon is expected to return to the city on Monday. He writes that he has received much valuable instruction from Coach Warner of the Carlisle Indian team.

Captain Ernest Alford, of the football team returned to the campus on Wednesday.

The first faculty meeting of the year was held on Saturday afternoon.

FUNERAL NOTICE.

Funeral services for Francis Hart will be held this afternoon at 1:30 o'clock at the late residence, 288 Sandusky street. Interment will be made in Hebron cemetery.

MORTUARY

Pollock.

Mrs. T. J. Lair of 127 East Wolcott street received word recently of the death of her mother, Mrs. W. H. Pollock of Havana. Heart trouble is assigned as the cause of her sudden passing which will come as a great shock to her many relatives and friends. Mrs. Lair will leave this morning for Havana to attend the funeral.

Mrs. Pollock was born November 16, 1850 in Petersburg. Besides her husband, William H. Pollock, she is survived by four children, J. B. and Drury Pollock of Havana, H. H. Pollock of the United States navy and Mrs. T. J. Lair of this city. Four children preceded her in death. She is survived also by two brothers, William and J. C. Bell of Havana, one sister, Mrs. Mary Herley of Nebraska and six grandchildren who reside in this city.

Guthrie.

Mrs. Sarah Guthrie, of White Hall, aged 76 years, died Friday morning. She is survived by one brother, Andy Armstrong of White Hall and an aunt, Mrs. W. I. Overby of Roodhouse.

The United Commercial Travelers held an enthusiastic meeting Saturday night which was largely attended. Two candidates were initiated into the order.

All the newest fabrics and styles in overcoats are shown at Garland & Co.

MATRIMONIAL

Doyle-Lonergan.

One of the prettiest and impressive wedding ceremonies was solemnized at St. Bartholomew's Catholic church of Murrayville, at 9 o'clock Wednesday morning, when Miss Catherine Lonergan became the bride of John W. Doyle of Jacksonville. The wedding party entered the church to the Lohengrin wedding march, played by Miss Alma Flynn. The Rev. Father McCauly officiated at the nuptial mass. During the mass Miss Stella Flynn sang in a beautiful manner Ave Maria.

Following the ceremony an elaborate wedding breakfast was served at the home of the bride, immediate relatives of the bride and groom being present. They were attended by the bride's sister, Miss Alice Lonergan, while Thomas Doyle, brother of the groom, acted as best man. The bride wore a gown of white charmeuse satin, trimmed in seeded pearls and lace. The skirt was gracefully caught with orange blossoms, while the bridal veil was held in place with a wreath of orange blossoms. The bride carried a shower boquet of white roses. The bridesmaid wore baby pink charmeuse satin, trimmed in lace and a pink veil, held in place with a wreath of pink roses, and carried a boquet of roses.

A wedding reception was held at 8 o'clock in the evening, at which assembled about two hundred relatives and friends. The bride is the daughter of Mr. and Mrs. John Lonergan, who with her charming manners and winning ways, have won for heer many friends.

The groom is the eldest son of Mrs. Hester Doyle of Jacksonville, and is one of Jacksonville's successful young men. After a short wedding trip they will reside in Jacksonville.

A Guest.

SEVEN COMMIT SUICIDE.

Bresleau, Germany, Sept. 20.—Seven of fourteen prominent men arrested and accused of improper relations with young girls have committed suicide, among them one officer and one former police official.

The police are in possession of the names of nearly a hundred girls, who, it is alleged, were implicated.

DEPUTY SHERIFF STABBED

Springfield, Mo., Sept. 20.—John Boles, deputy sheriff of Christian county was stabbed and probably fatally wounded late today when he attempted to arrest Charles and John Hursh, two boys on a charge of disturbing the peace at a picnic. Both boys were injured dangerously.

MINISTER IS GIVEN THREE YEAR SENTENCE.

Bentonville, Ark., Sept. 20.—The Rev. W. E. Pippin, a Baptist minister, after pleading guilty here today by passing a worthless check on a member of his congregatiaon was sentenced to three years in the state penitentiary.

WATER COMPANY PROPERTY SOLD BY MASTER IN CHANCERY

Bid of the Lien Holders Made by J. A. Bellatti—Writ of Error Granted and Will Act as Appeal to Higher Court.

Master in Chancery Clark, acting under a decree of the circuit court yesterday sold at auction the property of the Jacksonville Water company. J. A. Bellatti, acting for the Abendroth & Root Manufacturing company, bid the property in at $47,819.04. This sum represents the company's claim against the Water company, together with costs.

Under the law the Water company will have fifteen months within which the property may be redeemed.. Saturday, H. P. Green, acting for Worthington, Reeve & Green, filed, in the appellate court at Springfield a record of the case in the circuit court, together with a petition for a writ of error. This was granted and acts as an appeal to the appellate court. Should the decision in the higher court be in favor of the Water company, then the sale of Saturday would be set aside.

Mr. Bellatti, acting for the lien holders, has granted authority to the city to use the standpipe and pumping into it was begun Saturday afternoon.

City commissioners attended the sale Saturday afternoon and would doubtless have bid on the stand pipe had it been sold separate from the other property.

CHINDA CONFERS WITH BRYAN.

Washington Sept. 20.—Japanese Ambassador Chinda held a short interview today with Secretary Bryan regarding the status of the California alien-land legislation negotiations. Their talk was confined altogether to a rehearsal of the conversation between President Wilson and the ambassador on the same subject Wednesday, in accordance with the desire of the former that Mr. Bryan should be kept acquainted with every detail of the negotiations. The date of the delivery of the state department's answer to the last Japanese note is still uncertain but it is supposed that the matter will receive the attention of Counsellor Moore when he returns to Washington from his vacation.

ELECT OFFICIALS OF CONFERENCE BOARD.

Galesburg, Ill., Sept. 20.—The central Illinois methodist conference today elected officals of the conference board of trustees as follows:

President, R. B. Williams of Normal; vice-president, J. W. Frizzelle, Kankakee; secretary, O. T. Divinell, Peoria; treasurer, W. V. Crumbaker, Pekin; trustees, R. B. Williams, Normal; M. V. Crumbaker, Pekin; D. F. McGowan, Peoria; Joe Bell, Galesburg; O. T. Divinell, Peoria; John Rogers, Gardner; A. Smith, Kewanee; J. W. Frizzelle, Kankakee; L. F. Cullom, Farmington.

Board of Stewards—William Wooley, Chenoa; John Rogers, Gardner; E. S. Schultz, Geneseo; T. W. McVety, Canton; Fletcher D. Clark, Roberts.

DO NOT FORFEIT CREDITS

Seattle, Wash., Sept. 20.—In ordering the discharge from prison of J. A. Marcil, a former Spokane banker, Federal Judge Edward E. Cushman ruled today that Federal prisoners who violate their parole and are returned to serve the remainder of their sentence do not thereby forfeit credits previously earned by good conduct.

The ruling is important because of its bearing on the cases of other federal prisoners.

TWO MEN SUCCESSFUL.

Springfield, Ill., Sept. 20.—Two men were successful in the recent test held by the tSate Civil service commission for actuary in the state insurance department. They are: James Fairlie, Des Moines, Ia., and Alexander T. Maclean, New York.

How to Cure Cholera Morbus.

Many cases of this disease result fatally before medicine can be obtained or a physician summoned. It is easily cured when the proper remedy is at hand. Mrs. Charles Stewart of Mt. Collins, N. Y., says: "When my husband had cholera morbus last summer he used Chamberlain's Colic, Cholera and Diarrhoea Remedy and it cured him promptly." Every family should keep this remedy at hand. It only costs a quarter. For sale by all dealers. (Adv.)

DELIGHTFUL GATHERING AT THE CRAWLEY HOME

Members of Eastern Star and Friends Spend Happy Evening at Country Home—Mr. Crawley Presented Rocker on Occasion of His Birthday.

A delightful gathering of members of Wilbur Chapter, No. 358, Order of Eastern Star, and friends took place Saturday evening at the home of Mr. and Mrs. W. A. Crawley, southeast of the city, the occasion being the birthday of Mr. Crawley. The party was met at the end of the street car track by four wagons with racks filled with hay and escorted to the Crawley home, where everything was arranged for the happiness of the merrymakers.

The hours were spent in a most delightful manner, games being played, with music furnished by Miss Fern Haigh and Miss Annie Crawley. A pleasing feature of the evening's program was the presentation of a beautiful mahogany rocker to Mr. Crawley by members of the chapter, the presentation speech being made by Dr. G. R. Bradley. Mr. Crawley responded in a most felicitous manner. Substantial refreshments were served and much of the success of the evening was due the committee in charge Mrs. George LaRue and Mrs. Homer Rowland.

The following were present: Mr. and Mrs. W. S. Badger, Mr. and Mrs. D. T. Heimlich, Mr. and Mrs. Charles M. Coons, Mr. and Mrs. G. R. Bradley, Mr. and Mrs. Charles W. Cornick, Mr. and Mrs. Ezra Scott, Mr. and Mrs. J. A. Obermeyer, Mr. and Mrs. George McKee, Mr. and Mrs. William Palmer, Mrs. George LaRue and daughter, Jean, Mr. and Mrs. John R. Phillips and family, Mr. and Mrs. Alex Rabjohns, Mr. and Mrs. Walter Rabjohns and daughter, Mr. and Mrs. Eli Crawford, Mr. and Mrs. Joseph L. Whittaker and family, Mr. and Mrs. George Moore, Mr. and Mrs. Homer Rowland, Mr. and Mrs. Norman Kuykendall, Charles Rabjohns, Mrs. O. E. Tandy, Mrs. William Raedner, Mrs. A. L. Johns, Mrs. Nellie Hamilton, Mrs. Lydia Nifong, Mrs. George Haigh, Mrs. Clarinda Crawley, Mr. and Mrs. W. A. Crawley, Misses Jennie Rabjohns, Lydia Depew, Fern Haigh, Mable Fanning, Minnie Wyatt, Bessie Simpson, Deane Obermeyer, Annie Crawley, Mae Scott and Frank Crawley.

125 BUSHEL YIELD FROM SOUTHERN CORN.

At Benson Bros., Saturday, there was on exhibition some samples of Kentucky Multiplier corn, raised by E. L. Clark of Literberry, which will yield sometimes as high as 125 bushels per acre. The cars are firm and of good size and range as much as four or six ears per stalk. Besides yielding so large a quantity of grain this variety is well suited to forage use and for ensilage.

Mallory Bros. buy overcoats.

BUSINESS FOR SALE.

My whole time being taken up with other duties, I have decided to offer my cigar factory and business for sale. If interested, call at circuit clerk's office.
